“The Third Realm” **Project Summary**

Logline: A hidden race of elves is forced to work with humans to save Earth. *X-Files* meets *Lord of the Rings*.

Story: For eons mankind has shared Earth with a hidden realm. The inhabitants of this Third Realm have chosen to keep their world separate from humans. A female-dominated society, the elves have lived atop the clouds just beyond a portal in the Land of Umbra. Why jeopardize their reign of peace with the violence of man? Their secret seems safe until...

The destinies of men and elves become entwined with the reappearance of Alberich the Lost. Master of the occult, Alberich is the former elf King, the only male to hold the throne in the Third Realm. Because of his alliance with the dark forces, Alberich was banished from the realm. He has spent centuries on Earth trying to win over the most feared leaders: Genghis Khan, Napoleon and Hitler. His goal is to use mankind to retake the Third Realm and gain access to the portal of creation: an energy source generated by the Akashic records.

No longer can the Elnar, the race of elves, hide. They are thrust into a battle of survival, along with humanity. Evalina, a member of the royal lineage, is sent to Earth to destroy Alberich. She is to work with William Hawke, grandson of the famous World War II hero. But Alberich the Lost has grown stronger and forged new partnerships. He is now the secret advisor to the American president, Alfred Cray.

Aiding Evalina and William are two elves, Hale and Solara, members of the Peacekeepers. They are also guided by Celeste and Aurora, leaders of the Elven Council. Together they must overcome the dark forces that protect Alberich: the Baymans, Archons and ultimately, The Face, the creator of evil. Watching this battle are the hybrids, children of elves and humans. They are loyal to neither elves nor man. Alberich wants to destroy them. They are Earth's final hope. But for now, the elves and humans must unite. Their biggest obstacle is their mutual distrust. It's up to Evalina and William to show the world that the age of elves and man has finally arrived.
