"XPire"

Project Summary

Logline: In a world conquered by supernatural forces of evil, the young orphaned woman NYX learns of her latent magic powers and her destiny as the Chosen One. She helps the renegade Vampire resistance army XPIRE free Earth from its demonic rulers. -- *Twilight* and *Buffy the Vampire Slayer* meet *Lord of the Rings*.

Story: Sixteen years after Earth has been taken over by demonic forces known as The Circle, who enforce their rule with vampires and other monstrous creatures, a young orphaned woman named NYX finds her life changing when her new neighbor DEYJA turns out to be a witch and the bride of the vampire NEVARD.

Nevard and Deyja are members of a secret society of outcast vampires and witches who resist their own nature and damnation, banding together as followers of a long-lost army known as XPIRE. XPire were a team of vampires who tried to stop The Circle from conquering Earth but were imprisoned in a part of Hell, and whose return is prophesied as part of a future in which The Circle are defeated and humanity is set free from evil. Nyx learns that she is the Chosen One, a powerful magic-wielding immortal destined to play a major role in the coming showdown between the forces of good and evil.

Nyx discovers that she is to be the bride of KAIN, the leader of XPire. However, The Circle seeks to turn Nyx against her allies and to their own purposes, and many of the followers of The Circle -- including RATH, brother of Kain and uneasy ally to the forces of good -- seem to know secrets about the prophecy that nobody else realizes... or that they are simply keeping secret from Nyx. Eventually, Nyx will learn she is the half-natural, half-supernatural entity whose birth acted as a "key" that unlocked the portal allowing The Circle to break through to this world, and her existence may be the force keeping the portal open.

The stories travels from the streets of suburban America to the mountains of Romania, from a beautiful ancient hidden world of supernatural beings to the depths of Hell, from the fear of impending war to the heat of the battle for mankind's soul. Each episode reveals more of the mystery surrounding Nyx's true role in the war for humanity's future; more about XPire, their allies and followers on the vampire continent Draca; more about The Circle, their secret plans, and their knowledge of the true meaning of the prophecies; and more about the war between the demonic rulers of Earth and the fighters struggling to restore freedom.
