Guidelines – see photos for reference

- **Piles must be manageable by one person**
- **Piles no more than 18-24 inches in height**
- **Cut ends faces towards roadway**
- **Branches no more than 6 inches thick**
- **Branches accepted up to 8 feet long**
- **Piles may be tied together using only string or twine (NO WIRE)**
- **Thorny trimmings MUST be bundled and labeled; tied using only string or twine**

*** Brush piles that do not conform to our guidelines will not be picked up ***

Examples of acceptable brush:

Examples of unacceptable brush:

NO – Clearing of forest floor, Firewood, Flowers, Grass Clippings, Heavy Logs, Stumps, Leaves, Lumber, Plants, Plastic Bags or Containers or Root Balls
*****These will result in your brush getting a Red Tag and not picked up*****

Red Tag Notices:

Your brush may be tagged for not adhering to the guidelines provided. The crew has been instructed to red tag your brush pile, with details, and will not return or pick up anything that is in violation of compliance within our guidelines.

Storm Damage Pick Up

In the event of a severe storm, the Highway Commissioner may approve a complimentary brush pick up. Details/dates will be posted on the website. You can also call our office at 630-365-9300 with questions.

Additional Notation

Campton Township Highway Commissioner offers these services as a courtesy. We are not instructed to or reimbursed by the County or State. Please help us to protect our crew from injury by adhering to the guidelines provided.
