We have a big fundraiser coming up at the end of summer and are looking for help on our fundraising committee. If you are interested in helping organize and run fundraisers to support foster families, please contact us!

The past few months, we've been busy partnering with local churches and other organizations to best support families.

Grace Presbyterian Church of Franklin hosted a meal prep day so that we can bless families with a frozen meal when they welcome a child into their home.

First Alliance Church for Franklin hosted a luncheon and attendees donated items for our welcome baskets. Dorcas Daughters has also made many blankets for welcome baskets.

Duffle Bag Project in Virginia donated 15 duffle bags (and books) for us to give to foster children in Macon County!

Since January, we have been able to serve several foster families and we have made plans for several exciting events!

Thanks to the generous contributions of our supporters, we've been able to provide:

- Two families with Care Baskets, after a child left their home.
- Seven Welcome Baskets to families welcoming a child to their home
- Seventeen gift cards for gas and groceries, as part of our continuing support.

We will be hosting a **Mother's Day Brunch on May 20th** for all foster and adoptive mothers in Macon County. We are also planning our big block party for this summer for all foster/adoptive families. If you're interested in helping with these events, contact us!
