**The First Annual Choir Clash will be held in March of 2024! We are looking for interested choirs and singing groups who would like to participate in this community benefit concert.**

This quarter has been full of opportunities to support foster and adoptive families, through events and baskets. We've also been able to speak to a three local groups about foster care in Macon County and our mission.

This quarter we've been able to provide:

Two families with Care Baskets, after a child left their home.

Five Welcome Baskets to families welcoming a child to their home

21 gift cards for gas and groceries

In May, we hosted a sweet brunch with foster and adoptive mom's for Mother's Day. Then in June, we hosted a pizza pool party. We are very grateful to those who sponsored items and funds for these events! On August 19, Tesoro Salon is giving free haircuts to all children in foster care, kinship care or who have been adopted.

The past few months, we've been blessed by a few groups here in Macon County.

Biltmore Baptist Church collected items and gift cards for our welcome baskets for foster families. Biltmore also held a service day and assisted a couple of families with projects around their homes.

The Inn of Last Resort is hosting a service day for foster families this month.

Lastly, Magnolia Mission was the recipient of two local grants!
