UTV/CLAYS CART ETIQUETTE

With the growing popularity of utility vehicles and clay carts we want to take the opportunity to remind you of some proper etiquette to follow.

- Avoid driving up to the station while a shooter is in the shooting stand. Wait at a distance until a change of shooters, then drive into place and await your turn, well back from the shooter
- Turn carts off while not in use and parked close enough to shooters to cause a distraction. There is no need for vehicles to sit with their motors idling.
- If you are playing music in your cart, please make sure it is only audible to those within your vehicle.
- Do not block in others when parking, whether on the course, while watching a shoot off, or by the club house area.
- Obey posted speed limits and remember pedestrians have the right of way.

We want to make sure all participants and spectators have a fun and memorable time here and we Thank You for your help with this by displaying courteous cart etiquette.
