****Marching Band**

Percussion/Guard students put "2nd per" on their elective form to keep two sections of band. It is the goal to have winds separated from guard/percussion again for the 2026 Marching Season.

Who Are We?

The Pride of the Pack is the loudest club on campus. We support the football team every Friday night and oftentimes will compete the next day. We strive for musical and visual excellence and work harder than most people will realize. Students need to make sure they are playing their music correctly, in tune, blended, with correct dynamics and articulations, all while making sure their instruments are pointed the right way, their feet are in time, they are within the form, and can remember all 60 pages of formations.
