*Hardscape, Waterscape, & Firescape Products*

**WHOLESALE SUPPLIER AND MANUFACTURER OF THE ORIGINAL  
"TESSARAI COLLECTION" OF CONCRETE PRODUCTS, NATURAL  
STONE PAVERS & FLOORING, GRILLS AND FIRE PRODUCTS**

## **ABOUT US:**

For three decades, the owner successfully operated a prestigious construction company specializing in Hardscape, Waterscape, and Firescape projects. From small paver patios and fishponds to extravagant concrete pools and the grandest reflection pond in Georgia, they did it all. However, the owner grew increasingly frustrated with the hassle of sourcing various components from different places to fulfill their customers' outdoor dreams.

In response, he established Travertine and More, inc. in 2016.

This new venture focused on supplying Natural Stone Pavers & Flooring, Concrete Pavers & Walls, Fire & Water Feature products to fellow contractors in the Landscape and Hardscape industry. Over the years, Travertine and More, inc. has flourished into one of the largest suppliers in the southeast. In 2020 we introduced our own line of concrete Bowls, Fire Tables, and Water Features; the TessaRai Collection. In 2022 he also introduced complete kits for all products from fire pans to complete firepits - no more running around for different parts - everything is included! Our dedication lies in not only providing a vast inventory but also offering unparalleled professional support based on firsthand experience, helping other companies thrive and expand their businesses thru outstanding tech support and a network of Dealers and Distributors.
