

\*The below is a pricing guideline. It does not take into account a number of project specific variables but gives a good indication of our general pricing.\*

\*Prices subject to change. Prices set as of 01/05/2025\*

All pricing is **INCLUSIVE OF GST**

## **POWER POINTS**

- **Power point 10A replacement**  
*from\* \$139 first, \$69 second+ (supply & install)*
- **Power point 15A replacement**  
*from\* \$139 first, \$69 second+ (supply & install)*
- **Power point for QUAD power point replacement**  
*from\* \$178 first, \$108 second+ (supply & install)*
- **Power point for USB power point replacement (quality Trader brand)** *from\* \$220 first, \$162 second+ (supply & install)*
- **Child safe outlet replacement**  
*from\* \$149 first, \$79 second+ (supply & install)*
- **Power point NEW install on double brick wall**  
*from\* \$220 first, \$180 second+ (supply & install)*
- **Weatherproof power point replacement**  
*from\* \$166 first, \$96 second+ (supply & install)*
- **Weatherproof power point NEW install**  
*from\* \$249 first, \$149 second+ (supply & install)*

## **LIGHTING**

- **Light switch replacement**  
*from\* \$120 first, \$49 second+ (supply & install)*
- **Downlight replacement (supply & install)**  
1 to 10      \$71 each  
11 to 20     \$64 each  
21+          \$58 each
- **Downlight install NEW location**  
*from\* \$189 first, \$99 second+ (supply & install)*
- **Light install NEW (indoor/outdoor/pendant) (including new switch)**  
*from\* \$279 each (install only)*
- **Outdoor light replacement**  
*from\* \$139 first, \$89 second+ (install only)*
- **Pendant light replacement**  
*from\* \$129 first, \$89 second+ (install only)*
- **LED batten/fluorescent light replacement**  
*from\* \$129 first, \$69 second+ (install only)*  
*+( \$82 for supply & install)*
- **Bayonet fitting replacement**  
*from\* \$129 first, \$59 second+ (supply & install)*
- **Dimmer installation (push-button rotary type)**  
*from\* \$149 each (supply & install)*

- **PIR motion sensor replacement**  
*from\* \$229 first, \$149 second+ (supply & install)*

### **EXHAUST FANS & RANGEHOODS**

- **Exhaust fan replacement**  
*from\* \$149 first, \$119 second+ (supply & install)*
- **Exhaust fan install NEW (including new switch)**  
*from\* \$280 each (supply & install)*
- **Heat lamp/fan/light (IXL) replacement**  
*from\* \$179 first, \$99 second+ (install only)*
- **Heat lamp/fan/light (IXL) install NEW (including new switch)**  
*2 heat lamp from\* \$350 (install only)*  
*4 heat lamp from\* \$450 (install only)*
- **Rangehood install NEW**  
*from\* \$510 each (install only)*
- **Rangehood replacement**  
*from\* \$390 each (install only)*
- **Rangehood duct extension installation**  
*from\* \$50 (install only)*

### **CEILING FANS**

- **Fan replacement**  
*from\* \$230 first, \$110 Second+ (install only)*
- **Fan installs NEW with a remote**  
*from\* \$250 first, \$199 second+ (install only)*
- **Ceiling fan w/remote (replacing single light fitting with fan)**  
*from\* \$150 each fan with/without light (install only)*
- **Ceiling fan w/wall control (replacing single light fitting with fan)**  
*from\* \$199 each fan only (install only)*  
*from\* \$299 each fan with light (install only)*
- **Ceiling fan NEW location (with/without wall control or remote)**  
*from\* \$389 each (install only)*
- **Fan Bracing (in roof brace to mount ceiling fan to if required)**  
*\$50.00 each (supply & install)*

### **SMOKE ALARMS**

- **Smoke alarm replacement**  
*from\* \$159 first, \$129 second+ (supply & install)*
- **Smoke alarm NEW install**  
*from\* \$200 first, \$189 second+ (supply & install)*
- **Smoke alarm interconnection**  
*from\* \$89 each (supply & install)*

### **RCD's & SWITCHBOARDS**

- **RCD replacement**  
*from\* \$179 first, \$149 second+ (supply & install)*
- **RCD install NEW**  
*from\* \$219 first, \$189 second+ (supply & install)*
- **Switchboard upgrade**  
*approx.\* \$1200-\$1500 small domestic switchboards (supply & install)*  
*approx.\* \$1500-\$2000 medium domestic switchboards (supply & install)*  
*approx.\* \$2000+ large domestic/commercial switchboards (supply & install)*
- **Surge protector install**  
*from\* \$250 single-phase (supply & install)*  
*from\* \$399 three-phase (supply & install)*

### **OVENS, STOVES & HOT WATER SYSTEMS**

- **Oven and stove disconnection/reconnection**  
*from\* \$160 each*
- **Heating element OR thermostat replacement**  
*OVEN - from\* \$180 (install only)*  
*STOVE - from\* \$180 (install only)*
- **Solar/electric hot water system element replacement**  
*from\* \$180 for 2.4kW element (supply & install)*  
*from\* \$220 for 3.6kW element (supply & install)*
- **Solar/electric hot water system thermostat replacement**  
*from\* \$195 (supply & install)*
- **Anode replacement - magnesium 1500mm**  
*from\* \$180 each (supply & install)*  
*recommended to replace sacrificial anode every 3-5 years to increase lifespan of your hot water system.*

### **TV, DATA & COMMUNICATIONS**

- **Digital TV antenna replacement**  
*from\* \$250 each (supply & install)*
- **Digital log antenna**  
*from\* \$360 each (supply & install)*
- **TV signal amplifier**  
*from\* \$260 each (supply & install)*
- **TV point**  
*from\* \$190 each (supply & install)*
- **Data Point**  
*from\* \$220 first, \$180 second+ (supply & install)*
- **TV wall mount**  
*from\* \$180 each (install only)*
- **Ring doorbell install**  
*from\* \$260 each (install only)*

- **Retic Controller**  
*from\* \$370 each (install only)*
- **Cel-Fi phone signal booster**  
*from\* \$260 (install only)*
- **WIFI signal booster/extender**  
*from\* \$220 (install only)*

#### **OTHER WORK**

- **15A dedicated electrical circuit install for hot water system, AC's etc (inc. up to 20m of electrical cable, isolator switch and RCD)**  
*from\* \$330*
- **Electric vehicle (EV) home charge point**  
*approx.\* \$500 to \$1200 (install only)*
- **Fault finding (per hour)**  
*from\* \$149 per hour*
- **Wall chasing (per chase)**  
*from\* \$80*
- **Underground trenching (trencher hire & operator labour inc)**  
*\$750 4 hrs or \$1300 for full day*
- **Rewire existing house/unit**  
*approx.\* \$3500 to \$8000*
- **Wire new house/unit**  
*from\* \$3000+*

#### **ELECTRICAL SAFETY CERTIFICATES & INSPECTIONS**

- **Residential property electrical inspection**  
*from\* \$149 (Sale of property or rental inspection)*

*\*Inspections include smoke alarm checks, RCD testing, exit light and emergency light testing, visual inspection of accessible electrical installation and*  
**Electrical Safety Certificate.**

- **Electrical safety certificate (ESC)**  
*\$149 each*

*\*Inspections carried out same as above whenever submitting ESC.*

## **SPLIT-SYSTEM AIR CONDITIONING INSTALLATION**

- **Standard back-to-back install less than 4.0kW**  
*from\* \$795*
- **Standard back-to-back install 4.1kW-8.0kW**  
*from\* \$855*
- **Standard back-to-back install more than 8.1kW**  
*from\* \$905*

\*Standard BACK-TO-BACK INSTALLATION refers to a split system that is installed on the GROUND FLOOR and has two major components, a wall mounted indoor unit with refrigeration pipes that run through the wall and straight down to the condenser unit positioned directly below on ground level, hence the name "back-to-back". Your installation may be a standard back-to-back or you may need extra piping and trunking, so the outdoor unit is installed in your preferred location. Below is an example of a STANDARD back-to-back install. Standard BACK-TO-BACK INSTALLATION include the following accessories:

- 3m of pair coil (insulated copper pipe)
- up to 2.4m PVC trunking/pipe cover (1 length)
- up to 20m electrical cabling to local power circuit & an isolation switch.
- Up to 4m of 20mm condensation drainpipe (1 length)

\*See next page for **SPLIT-SYSTEM AIR CONDITIONING EXTRAS** for more details and pricing.

## **STANDARD BACK-TO-BACK AIR CONDITIONING INSTALLATION**

**SPLIT-SYSTEM AIR CONDITIONING EXTRAS (NON-STANDARD INSTALL)**

- **Rubber condenser stand for outdoor unit**  
\$55 (*supply & install*)
- **RCD install for new air conditioning circuit if required**  
\$89 (*supply & install*)
- **Wall mount bracket for outdoor unit**  
\$110 (*supply & install*)  
*from\** \$275 if above 2.4m from ground
- **Roof mount bracket for outdoor unit**  
\$220 (*supply & install*)
- **Extra refrigeration piping (per m)**  
\$44 for 4kW or smaller (*supply & install*)  
\$55 for 4.1kW or larger (*supply & install*)
- **Extra electrical cabling over 20m (per m)**  
\$12 (*supply & install*)
- **Left hand side exit (indoor unit)**  
\$45
- **Right hand side exit (indoor unit)**  
\$35
- **Second story install (includes extra 2m piping, 4m power cable & extra length of trunking/ducting)**  
\$290
- **Condensate pump**  
\$365 (*supply & install*)
- **Decommission of old unit for replacement, including degassing and disposal**  
\$165
- **AC delivery fee to non-metro area of Perth**  
\$99
- **Disposal of all air conditioning packaging and boxes**  
\$65
