

BLUE CAP NEWS

Sons of The American Legion — Detachment of Arizona

08/12/2024

Greetings My Fellow Sons;

August 12, 2024

We have been busy again this past week training and transitioning your Detachment officers to help our 2025 membership year to be successful. Hopefully our efforts will show results soon.

There are a couple of things that have come to the attention of the Detachment staff, Detachment of Arizona per capita rate is \$16.00 per member as of July 1, 2024. This per capita rate applies to every new member and renewals regardless of the year they are renewing.

My goal this year is to have every Squadron in Arizona processing their own membership on MyLegion.org. With the help of Squadron 27's Operation Outreach there are no valid excuses remaining. If you are unaware of Operation Outreach, please contact me and I will assist you in any manner I can.

Tomorrow evening (Tuesday the 13th) at 1900 hours (7:00pm) I will chair our monthly Detachment Conference call; everyone is welcome to join in and participate. Please go to azsal.org and click on the blue bar (Link to Conference Call), also please sign up to receive Detachment emails if you haven't. We can't keep you informed if you don't participate. As a reminder, please mute your microphones to help eliminate background noise, Thank You, look forward to hearing from all our Squadrons and members.

My Commanders Special Projects this year are (not listed in any order) Arizona Boys State (AZBS), American Legion Law Enforcement Career Academy (ALLECA) and Childers's Organ Transplant Association (COTA). Please make all checks payable to the charities and not to the Detachment or Department of Arizona please and thank you for your consideration. My goal in choosing these charities is to keep your donated funds in Arizona.

For God and Country

Mike Bryant
Detachment Commander
