Mr. Kenny Baxley
Kennybmusiclive

Kenny,

Thank you for your outstanding music performance during our Annual Moon Light Mingle held on Sunday evening, September 19 at Queens Harbour. This was our premier fall social event for our members, and your vast repertoire of music kept our 100+ attendees dancing well into the night. You stayed actively engaged with your audience and played the perfect songs to match the changing tempo of the evening.

Our event was an enormous success, and our members told all their friends about your performance and the fun they had during the evening. On the next Monday morning I received a substantial number of messages from Queens Harbour residents wanting to join the Yacht Club. What a surprise!

We look forward to scheduling you again for future events and I welcome inquiries from any new businesses or organizations considering contracting your musical services.

Respectfully,

Paula Brown Gibson
