Dear All Event Planners,

I am the past President of a beach's community theater, Players by the Sea. We are currently in our fifty-fourth season. We not only present excellent productions, but host fund-raising parties throughout the year.

Players hired Kenny B for one of our most successful recent fundraisers. We requested a seventies theme. Kenny B was perfect for the event. Kenny can sing anything from the oldies, country, disco, and on & on! Not only does he provide any type of music you desire, but he will take requests from the partygoers!

Over many years, I personally have hired Kenny B for many gigs, both professionally events and personal parties. He is dependable, and reasonably priced. But watch out! On more than one occasion, the partygoers ask him to continue to play past the bewitching hour, taking up a collection to pay for another hour of fun!

As a member of different clubs and Boards over the twenty-two years in Jacksonville, I have organized or attended social, or corporate gigs for a variety of events. I recommend Kenny Baxley wholeheartedly. Book him and relax. He will take it from there!

Sincerely,

David N Gowan, Past President
Players by the Sea Theater
