

WEDNESDAY NIGHT VAN PROCEDURES

We are excited to have you with us for our Wednesday night activities and are happy to provide rides for the youth and children that attend each week. Please review these expectations for behavior with your child or children before requesting to be included on the van route.

1. All riders must be 5 years of age, unless a parent/guardian is riding with the child.
2. Riders must be seated in the vehicle at all times and use seat belts.
3. Riders are expected to listen to all adults supervising the ride. Yelling, shouting or speaking in a manner that would distract the driver is not acceptable.
4. You must notify the office each week if your child or children will need to be included in pickup that week. You may either contact the church office (402-721-1265) or respond to the text message that will be sent out to each preregistered person each Tuesday before noon.
5. If your child or children are bringing a guest, that guest must preregister online or bring registration materials with them. If the office is not notified regarding the guest, they will not be allowed to ride the van. The guest is welcome but must make other arrangements for transportation.
6. A request to pick up another youth or child, even if registered with FBC Youth or FBC Kids, but has not prearranged to be included in the pickup will not be permitted.
7. Please be ready when the van arrives at your home, the driver will only wait 3 minutes before moving on to the next pickup.
8. If your child rides the van to Wednesday Night activities they will be required to ride the bus home - unless we hear from the parent/guardian in advance of the night.
9. The following items and activities are prohibited on the van: phone usage, drugs, alcohol, nicotine or vaping. Riders are also prohibited from any and all inappropriate physical interactions with any other riders.
10. Riders who do not follow these expectations will be given one warning and the second violation will result in two (2) weeks restriction from riding the van. A third violation will result in permanent restriction from van ridership. (participants may still attend activities but will need to arrange their own transportation.)

I understand the expectations of van ridership and agree to follow them.
