

HOPE4HEALING CHURCH PARTNERS

Ministering to church members—thousands of resources available for each member .

Saving leadership time—one phone call or online form lets Hope4Healing's team do the research .

Greater Connectedness , we don't replace your fellowship or servant's hearts.

We simply share the resources with you and you share with the member you are ministering to.

Living out I Corinthians 12:25-26.

C h u r c h P a r t n e r :

A church partner is a church that is interested in ministering to the needs of its congregation and having access to resources to help care for their community.

Ministering to the Community

Support with calls for help: Hope4Healing is there to help you with those calls for money or other types of assistance, freeing you to focus on ministry and outreach.

Support during natural disasters: Hope4Healing will be there to support the church and provide immediate support to the community by connecting resources.

Support designed for church growth: Hope4Healing connects individuals and families to the church. The church provides emotional and spiritual support, Hope4Healing connects to physical supports through resourcing needs.
