

Treating the Root Cause

Lindsay Samuelson ND, MRN

Hello and Welcome!

Naturopathic Medicine blends cutting edge medical research with ancient therapeutic practices providing a scope and depth of knowledge not found in our current medical model. Naturopathic Doctors treat each patient's case uniquely and offer a variety of therapies to fit the individual and approach dis-ease in a multi-faceted way.

Your initial visit will last about 90 minutes. We will discuss your chief complaints, health history, and identify your health goals. **Please bring any pertinent medical records as well as the completed paperwork** sent to you by email. Paperwork can be accessed on the Harmony In Life website www.harmonyinlifecenter.com. Under "Services", go to "Naturopath, Dr Samuelson" and then scroll to the very bottom of the page and click on the links.

The information gathered at your initial appointment will be analyzed, researched and consolidated and the findings and recommendations will be presented to you at your next visit. Recommendations may include additional testing, dietary, lifestyle, detoxification, homeopathy, herbs and supplements. Naturopathic Care is a financial investment and your budget is always respected when recommending additional resources and regimens.

After the follow up visit, it is essential that patients return for monthly or bi-monthly follow ups until health concerns are adequately managed. This is the best way to ensure that your health goals are being met.

I sincerely look forward to working with you!

Dr. Lindsay Samuelson, ND, RSHom
