MONTEZUMA ANCHORAGE

WHAT TO BRING FOR SUMMER CAMPING

We have provided a listing of just some of the things, we recommend for surviving your weekend Paddle and Camp on the Erie Canal/Seneca River waterway. This is by no means a complete list or a requirement of the items but just a suggestion to make your stay more enjoyable, comfortable, and hopefully memorable.

The Montezuma Anchorage Camp is not a GLAMP Site, it is a rustic location with the needed amenities for an enjoy weekend. However, we're not a primitive camp site, potable water, soft sanded tent site (we provide the tents) bathroom facilities, firepits, plenty of space for horseshoes or cornhole matches and of course charcoal grills for each camp site.
