

AUDIO FILES OF BENGALI MUSLIMS - FROM TAPPED PHONES, INTERCEPTED SOCIAL MEDIA AUDIO, AND OTHER MEANS

By Rick Heizman, November 6, 2018, Yangon

Here is a teaser of some audio files - out of hundreds. Soon you will hear audio messages from ARSA leader Ata Ullah, and other terrorist commanders, Pakistani Generals, ISIS leaders in Iraq / Syria - who were unaware that their phones had been tapped. For those ones, I'll release them when all facts, names mentioned, and details are checked and rechecked, and then I'll release them at the right time in a large and powerful way. These 6 files are all in mid-2017:

AUD-20170823-WA0035

"The Chairman Hafzo Rhaman of 'Naita del of Italia' [code name?] village (Maungdaw) was surrounded by the Mujahids and there was gunfire from both sides (the government security forces and the Mujahids). The Mujahids cut the neck of the Chairman Hafzo Rhaman." [Rhaman was assassinated by ARSA]

AUD-20170823-WA0037

"It is said that our group cut the neck (killed him). We are from the old village of Handya village. We came back after closing the shops in the market. All of our members came back. Our Al Yae Qin [Arabic name of ARSA] members cut the necks of them (village heads). There was gunfire. We do not know who are firing the guns. Zula villagers who just came back said that both groups (the government security forces and the Mujahids) were shooting at each other."

AUD-20170823-WA0040

"I am from Maungdaw, Kyee Ghan Pyin (Khawar bil) and my parents' house is in Kyee Ghan Pyin and my house is in Maungdaw Chitda village. We just got a message from Maungdaw, Italia village [code name?]. Pray to God/Allah after worship. When our brothers (Mujahids) went to the house of the Chairman of 'Italia' village to check him, he informed the military (the government security forces). Now, the military (the government security forces) and our Mujahideen brothers are firing the guns."

AUD-20170823-WA0060

"After the Chairman of 'Naita del Italia' [code name?] village was finished (killed), some sons of the dogs (the government security forces) came and fired the guns until 00:30 am. None of the women and other brothers were arrested or abused. Our brothers (Mujahids) already arrived at the place they were going. Pray for our brothers (Mujahids) to get enough sleep."

AUD-20170823-WA0062

“I have only one son. If you take him after you talk to me and negotiate with me, I would give him to you willingly. My son was taken away by force. I do not know who took him. I request you to allow me to listen to the voice of my son. It would be good if I can listen to his voice. Since you took him from my chest, if you want to keep him there, it is fine. I had made the decision already to give him to you to become a Mujahid. I pray for you. I just want to hear one word from my son. Please help me. I am holding your legs and begging you. I have only this son and I do not have anyone else in this world. He did not trick anyone for money. He doesn't cheat people. He just sells fish. He has two children and his wife is hospitalized. When he went to bring fish back, he disappeared. I will hold your legs. I just want to hear the voice of my son. I do not have anyone to bury me if I die. I cannot move. Ask other people whether my son is good or not. Check whether he quarrels with the others or not.” [it goes on like this. Complete translation coming later

AUD-20170823-WA0063

“The son of Ahmed, namely Hala Boda is my husband. When two of my sons were hospitalized, my husband went to join the [training for the coming] Jihad. He could not go and see his sons at the hospital. He tried to see them after 10 days. He said how can I go because I will see Rakhine Buddhists on the way. [the tension of the Bengali Muslims was very high, because they knew they would launch a huge sudden Jihad anyway soon] If I can take some fish to sell, I can see my sons.

We are eight women including my mother-in-law. We have only one man at home who is silly [mentally disabled]. If you (villagers) can give me an answer about my missing husband, it would be very good. When my sons came back from the hospital, they asked where their father is. I answered that he went to Dawa/Jamat/religious teaching. I always pray for you only to not sacrifice his life [to not kill him, or to let him be killed]. Ask at least 10 villagers. If they say my husband is bad, do whatever you want. If they say he is a good man, it would be good of you to send him home. We are all females here. We did not tell any government people where our husbands went. We just said our husbands went to Dawa/Jamat/religious teaching. We also said our husbands have one month permission [travel permit] in their pocket but we did not know where they went, perhaps they went to sell fish far away and they would come back after selling fish and collecting the money [profit].” [This one is quite long, there are interesting points later in the audio clip, but wait for translation work to catch up....]
