

THE ORGANIZATION OF ISLAMIC COOPERATION (OIC) part 2

Examine the CHARTER of the OIC, and learn about THE MUSLIM LEAGUE

Some of the ideals, goals and platforms -
in the charter of the Organization of Islamic Cooperation (OIC) are:

- (Begins with): In the name of Allah, the most Compassionate, the most Merciful.....
(this sets the religious tone, but paradoxically compassion and mercy seem to be absent among many Muslims and Muslim countries as evidenced by a realistic view of the happenings around the world).
- To promote Islamic culture and safeguard Islamic Heritage;
(says nothing about the non-Muslim populations in the OIC countries).
- To defend the universality of Islamic religion;
(reinforces the supremacy with which it is taught that non-Muslims must eventually convert to Islam, and all countries will be Islamic).
- To protect and defend the true image of Islam, to combat defam- tion of Islam;
(Muslim agenda worldwide is trying to make any examination, criticism or complaint about Islam, Muslims, or the actions of Muslims illegal, punishable, and dangerous to do so).
- To strengthen intra-Islamic economic and trade cooperation, in order to achieve economic integration leading to the establishment of an Islamic Common Market:
(This shows that the OIC clearly promotes Muslim to Muslim business, and that this is the basis of the Muslim 786 groups, yet too many ignorant and/or misinformed people pound their fists and point to the Buddhist 969 groups. Realize that it says, 'intra-Islamic economic', and 'Islamic Common Market').
- To safeguard the rights, dignity and religious and cultural identity of Muslim communities and minorities in non-Member States;
(This would be a joke if it wasn't the tragic reality. How are the rights, dignity, religious and cultural identities safeguarded among the Christians of Egypt, Iraq, Syria, Nigeria and Indonesia, etc., and the Buddhists of Indonesia, Malaysia, the Jumma lands of Bangladesh, and southern Thailand, and the Bahai's and Zoroastrians of Iran, and the Hindus of Pakistan, Bangladesh, and Indonesia, and, of course, **the Rakhine Buddhists of Burma/Myanmar**. All of these non-Muslims are suffering terribly, being assaulted, raped, killed, and having their homes, shops, churches and temples burned and destroyed - simply because they are not Muslim. How would those actions convince these non-Muslims that Islam was wonderful? This is why so many do not want Islam to rise in their communities, and **this is not being a racist, it is being a realist**).
- The International Islamic Court of Justice....shall be the principal judicial organ of the Organization; (you can imagine the fairness, the compassion, and the integrity of this 'body of justice').

THE MUSLIM WORLD LEAGUE (Rabita al-` Alam al-Islam)

This is a the group most people don't know about, it's the powerhouse umbrella organization behind the Organization of Islamic Cooperation (OIC). **The Muslim League (MWL)** was founded in Saudi Arabia in 1962, 7 years before the founding of the OIC. It is still controlled by Saudi Arabia, based in Mecca, and has 36 satellite offices on 5 continents (including offices in New York, Washington D.C., and London, as well as another 20 offices and centers in Europe, Africa and the Middle East). It is funded by various Muslim countries, but the largest portion comes from Saudi Arabia. Its members are prominent Muslim religious leaders whose main qualification is that they are "active in the field of Islamic propagation."

MWL promotes the strict, puritanical doctrine of **Wahhabism**, known for its absolute intolerance of all non-Muslims, and even of other forms of Islamic belief and practice.

It has been noted that Saudi Arabia has pushed to link disaster relief with the acceptance of Wahhabi extremist teachings. For example, in Somalia, MWL representatives, came with humanitarian aid for the Somalis suffering from the civil war, but pressured the Somalis to change their Islamic practices from traditional Sufi interpretations to the 'true Islamic way' - Wahhabism. They also issued a 'code of honor' to Muslim journalists to follow the 'correct' Islamic way.

The League's charter states such positions as:

- Discharge our obligation towards God, by conveying and proclaiming His Message all over the world;
(and that means they will push their religion on people whether they want it or not).
- Reaffirm our belief that there shall be no peace in the world without the application of the principles of Islam;
(look at every Muslim country in the world, Islam doesn't bring peace, it seems to bring intolerance, hate, violence, death and destruction).
- Unite the ranks of the Muslims, and remove all divisive forces from the midst of the Muslim communities around the world;
(the Muslims are famously violent to each other: Sunnis vs Shiites, Taliban and al-Qaeda hardliners vs moderates, Sufis, Alawhites, and Ahmadiyyas, and general Arab supremacist hegemony over all other Muslims).
- Remove obstacles in the way of establishing the Muslim world union;
(Remove obstacles such as Buddhists, Jews, Christians, and Hindus, European countries and the USA).
- Reject all the pretenses of ancient as well as contemporary Jahiliah;
(Jahiliah means ignorance of the pre-Islamic era - and by that it is saying everything before Islam - which only started not so long ago in the 7th century AD - is worthless, valueless, and ignorant. That means, for them there is nothing to admire, or learn from the Egyptians, the Persians, the Greeks, the Romans, the Indians, the Chinese, the Sumerians, and so many others).

The League has 14 different bodies with various functions - all of them are engaged in the **propagation and support of Wahhabi Islam**. Among them are:

- The World Organization for Presenting Islam
- Holy Quran Memorization International Organization
- The World Foundation for Reconstruction and Development of Mosques
- International Islamic Organization for Education
- Makkah Al-Mukarramah Charity Foundation for Orphans
- Al Haramain & Al-Aqsa Mosque Foundation
- The International Islamic Relief Organization (IIRO)
- Commission of Scientific Signs in the Quran and Sunnah
- The World Supreme Council for Mosques
- The Fiqh (Islamic Jurisprudence) Council.

Functions and objectives of The Muslim League include the following:

- Advocating the application of the rules of Sharia Law, by individuals, groups, or states;
- Coordinating the efforts of Islamic preachers throughout the world;
- **Developing methods for the propagation of Islam, so that Islam will rule the world eventually;**
- Overseeing the activities of the Fiqh Council; (an association which interprets Islamic Law, establishes principles of jurisprudence, and issues *fatawas*, or religious edicts, upholding a strict Wahhabi fundamentalist interpretation of Islam);
- Finding Islamic solutions to contemporary problems;
- Promoting activities that aim at spreading the Arabic language, and Arab Wahhabi doctrine;
- **Setting up branch offices as well as Islamic centers globally, to serve the purpose of Islam;**
- **Maintaining and constructing mosques**, and training officials to serve in them;
- Distributing Saudi-approved translations of the Qur'an and other religious texts worldwide;
- **Providing financial assistance and charity work for Muslims affected by disasters;**
- **Assistance to Muslims living as minorities in non-Muslim countries;**
- Pushing for the Islamization of law in other lands, leading to implementation of Sharia Law.

The Muslim World League also contains the **World Assembly of Muslim Youth** and both are part of a worldwide network of largely Saudi-funded groups that maintain offices in many countries. The primary focus of these organizations is on promoting Islamic teachings and encouraging Muslims to be more religiously observant, as well as providing interested non-Muslims and recent converts with information about Islam.

The Muslim World League undertakes a broad range of activities focused on the propagation of Islam in Europe, including publishing and media outreach, coordinating the regional activities of preachers and religious scholars, Arabic language instruction and the establishment of Islamic centers. The World Assembly of Muslim Youth focuses primarily on promoting Islamic solidarity among Muslim teenagers and young adults in their early 20s. Much of this work involved funding the construction of mosques and funding the operations of Islamic centers, as well as sponsoring activities designed to spread its ultraconservative brand of Wahhabi Islam.

Both the League and the Assembly also are heavily involved in promoting global *da'wa*. *Da'wa*, which means "call" in Arabic, refers to efforts to convert people to Islam and to strengthen the Islamic faith around the world.

As a result of Saudi money and influence, both the League and the Assembly are widely regarded as promoting the strict Wahhabi brand of Islam that is prevalent in the desert kingdom. Wahhabism was established on the Arabian Peninsula roughly 200 years ago with the aim of purifying Islam by ridding it of outside influences and advocating strict adherence to core Islamic teachings, which are notoriously intolerant, brutal and severe.

THIS IS WHAT BURMA'S BUDDHISTS AND OTHERS ARE STRUGGLING WITH!!!

Islam destroyed Buddhist cultures that lived in the lands that are now called Bangladesh, Bengal, Pakistan, Afghanistan, Persian areas, and the Maldives. Now the Islamic conquest, is pushing and killing the Buddhists in Rakhine State, Burma, and the Chittagong Hills in Bangladesh, and in southern Thailand. The Rakhine Buddhists get along with all other faiths and people, except the ones who are trying to eliminate them, and who have created a giant worldwide deception with false media, manipulative and fraudulent reporting, and wild exaggerated stories and made-up history. Rakhine Buddhists know what their fate is, if they cannot stop the campaign against them.

THE RAKHINE BUDDHISTS ARE NOT RACIST, THEY ARE REALISTS!!!

THEY DO NOT HAVE TO TOLERATE THE INTOLERANT!!!!!!!
