

WHAT'S UP WITH WHATSAPP? THE PERFECT SOCIAL MEDIA PLATFORM FOR ISLAMIC TERRORISTS

by Rick Heizman, June 16, 2018

One of the most popular social media platforms in the world, outside the Western countries, is WHATSAPP. And, some of the most ardent users of WhatsApp are Islamic terrorists groups, including the Arakan Rohingya Salvation Army (ARSA). A key feature of WhatsApp is described here, just as it says from its own website:

*“Some of your most **personal moments** are shared on WhatsApp, which is why we built end-to-end encryption into the latest versions of our app. When end-to-end encrypted, your messages and calls are secured so only you and the person you're communicating with can read or listen to them, and nobody in between, not even WhatsApp”.*

Now, just substitute the words **‘personal moments’** with **‘wanton genocidal ethnic cleansing plans’** and you can see why it is so popular for Islamic Jihadist Terrorist Organizations such as ARSA:

*“Some of your most **‘wanton genocidal ethnic cleansing plans’** are shared on WhatsApp, which is why we built end-to-end encryption into the latest versions of our app. When end-to-end encrypted, your messages and calls are secured so only you and the person you're communicating with can read or listen to them, and nobody in between, not even WhatsApp”.*

And, get ready to be shocked, stunned, aghast and appalled.....

Who owns WhatApp?

FACEBOOK!!!

FACEBOOK OWNS WHATSAPP!!!

FACEBOOK OWNS THE APP OF CHOICE FOR TERRORISTS!!!

FACEBOOK OWNS ONE OF THE BEST TOOLS FOR TERRORISTS TO USE!!!

**FACEBOOK OWNS AND PROFITS FROM WHATSAPP, WHICH HAS BEEN USED
AGAIN AND AGAIN TO LAUNCH TERRORIST ATTACKS WITH THE AIM
OF SLAUGHTERING ANYONE WHO IS NON-MUSLIM!!!**

WhatsApp has been the app of choice for some years with ARSA. In fact, the attacks by the Muslims on August 25, 2017, were launched by a WhatsApp audio message delivered shortly after 8pm on August 24th. It instructed cell leaders to mobilize all male villagers over the age

of 15, and to assemble in the pre-planned locations with whatever weapons they had. They would be led by ARSA militants and/or Mawlawis (Imams) to attack pre-designated targets.

On August 25th, ARSA issued a series of messages apparently intended both to instill confidence and resolve among its members and followers and to promote and glorify martyrdom, the goal being to encourage the villagers to participate in highly risky attacks.

On August 28, ARSA's leader, Ata Ullah, issued WhatsApp audio messages instructing his followers to burn down Rakhine Buddhist villages with gas bombs (Molotov cocktails).

Any ONE of these messages is FAR more hateful and violence-creating than all the concerned monks' comments put together.

WHATSAPP WAS USED TO LAUNCH, ENCOURAGE, PROMOTE MARTYRDOM, AND TO VIOLENTLY CARRY OUT MASS KILLINGS AND VILLAGE BURNINGS!

Myanmar is not the only country grappling with the use of WhatsApp by terrorists. Example: in the U.K., 3 major terrorist attacks last year were later found to have been launched by the encrypted messaging of WhatsApp.

At the same time that Facebook is suspending or terminating accounts of people, like myself, who are saying what we think, know, and have learned about the Bengali Muslim 'Rohingya' vs Rakhine Buddhist issue, but ALLOWING hundreds or thousands of pro-Jihad promoting Facebook accounts, such as:

<https://www.facebook.com/arakani.786/>

[https://www.facebook.com/search/top/?q=arakan%20rohingya%20salvation%20army%20\(arsa\)](https://www.facebook.com/search/top/?q=arakan%20rohingya%20salvation%20army%20(arsa))

<https://www.facebook.com/groups/330675087411483/>

<https://www.facebook.com/ARSA09OCT2016/>

<https://www.facebook.com/muhammad.yahyaarakani?fref=search>

<https://www.facebook.com/Mohdanis48973>

Some of these ARE THE ACCOUNTS of the ARAKAN ROHINGYA SALVATION ARMY (ARSA) which is the MAJOR ISLAMIC TERRORIST GROUP that Amnesty International, and plenty of other sources, HAVE INVESTIGATED and RIGHTFULLY ACCUSED OF STARTING THE WAVE OF VIOLENCE ON AUG 25, 2017, WITH MULTIPLE SURPRISE ATTACKS ON MANY DOZENS OF TARGETS, AND INDISCRIMINATE SLAUGHTER OF ANY AND ALL NON-MUSLIMS, AND PARTICULARLY MASSACRING NEARLY THE ENTIRE POPULATION OF HINDUS IN A MASSIVE EXECUTION OF NEARLY 100 PEOPLE, ONLY SPARING 8

HINDU GIRLS WHO WERE FORCED UNDER THREAT OF DEATH TO CONVERT TO ISLAM AND ALSO FORCED TO MARRY PRE-SELECTED MUSLIMS MEN!

So, under pressure from 'Rohingya' and other Muslim lobbyists, facebook has 'learned' about the situation, and thinks it has the moral capacity to discern truth from fiction. As we know, facebook thinks it is concerned Buddhist monks that are the source of the violence, when actually the monks, and people like myself, are trying to educate the world about this violent Jihad of the Bengali Muslims (Rohingya). The monks, and myself and others, never say kill, harm, eliminate or massacre the Muslims - we all are exposing the REAL source of the hate and killing. Meanwhile, the Bengali Muslims, the Terrorist ARSA group, and a large part of the Muslim World is saying very explicitly to kill and eliminate ALL the infidels, by any means, in a wanton genocidal ethnic cleansing.

So, in the case of facebook they are silencing the voices of the true victims, and the concerned voices of those trying to expose the truth.

In the case of WhatsApp, they now own one of the best tools for terrorists to communicate in secrecy and to improve their terrorists plans - in other words, facebook is actively assisting the terrorist groups to kill greater numbers of people and to better destroy their targets.

FACEBOOK, BY ITS OWN ACTIONS (OR NON-ACTIONS)
HAS PROVED ITSELF TO BE A TERRORIST ORGANIZATION!!
