Rohingya in Peril

CRISIS IN MYANMAR

Don't be fooled by these folks! Maung Zarni is an enemy of Buddhists, particularly of Burma and Rakhine State. Bob Rae is a nutcase failed politician who supported the Tamil Tigers - one of the worlds most ruthless terrorist groups - which reeked havoc in the Buddhist land of Sri Lanka, and now he is in bed with the Rohingya Bengali Muslims of Rakhine State, Myanmar and their supremacist jihad against the indigenous Buddhists of the land.

Maung Zarni and Bob Rae, and the rest of these terrorists group supporters are masters of deception and false history. They have great skill in manipulating people, like you, to sympathize with their hidden Islamic agenda, and to create a hatred of Buddhists, which is rampant throughout the Muslim Media of the world.

The Buddhists of Rakhine are NOT killing the Muslims - documented history and experience clearly show that the Buddhists are defending themselves against a relentless Islamic jihad, which is just a continuation of Islamic destruction and annihilation of every Buddhist culture that Islam has come into contact with. Islam says that 'idol worshipers' are the most evil of all people and can only be destroyed, along with all statues, images, temples, and monasteries of Buddha - or any figure in the pantheons of Buddhism and Hinduism.
