

THE EXPERIENCE

The FIT Bodywrap system is a revitalizing full body sauna wrap treatment that cocoons you in soothing far infrared heat.

Infrared heat works by warming the body from the inside out to raise core body temperature, increase metabolic rate, shrink fat cells and encourage the production of sweat.

Infrared heat therapy not only feels good, it's good for your body. Sessions in the FIT Bodywrap truly make you -
Look Better, Feel Better and Live Better.

THE PRODUCTS

FIT Booster

The FIT Booster spray is designed to stimulate collagen production, reduce cellulite, improve circulation and lessen the appearance of fine lines and wrinkles. This moisture rich solution is formulated to work with elevated body temperature, making it the perfect complement for any infrared treatment, red light therapy, and daily workout regimen.

FIT Radiance Complex

The FIT Radiance Complex is a daily body lotion that provides immediate hydration and works to improve the overall tone and texture of the skin. This skin rejuvenating formula lessens the appearance of cellulite, as well as increases skin firmness to reduce fine lines and wrinkles.
