HI THERE!

Thank you for taking the time to learn more about our company. At Mr Safety, we understand that security is not just about products—it is about peace of mind. That is why we take a personal, hands-on approach to every project, ensuring that each client receives the right solution for their specific needs.

With years of experience in security and steel installations, our team is committed to professional service, honest guidance, and dependable workmanship. Whether you are securing a private home, a growing business, or a large agricultural property, you can trust us to deliver solutions that are practical, durable, and built to last.

ABOUT COMPANY

Mr Safety (Pty) Ltd was established in 2007 as a family-owned and operated business, built on strong values of trust, quality, and long-term client relationships. From humble beginnings, the company has grown steadily through hard work, hands-on involvement, and a commitment to delivering reliable security solutions.

We specialize in a wide range of security and steel services for residential, commercial, and agricultural clients. Our experience spans electrical fencing, access control, Clear View fencing, CCTV installations, and structural steel solutions such as carports and safety gates.

What sets us apart is our personal involvement at every stage of a project. From the initial consultation and quotation to installation and final handover, we ensure clear communication, attention to detail, and professional execution. As a family-run business, our reputation matters—and we stand behind the quality of every installation we complete.

CEO MESSAGE

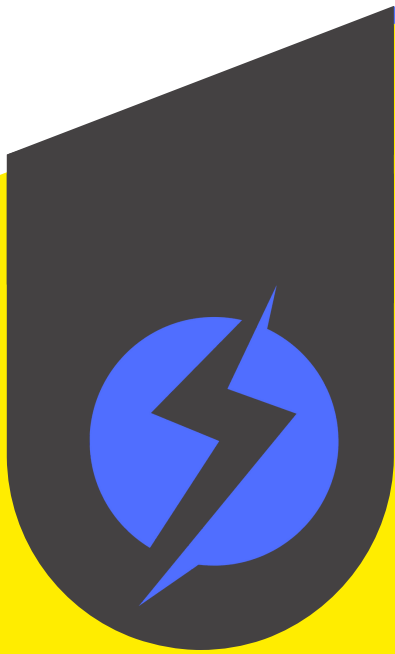

Jurie de Wit

As a second-generation business manager, I have grown up within this company and understand the importance of reputation, reliability, and customer satisfaction. At Mr Safety, we focus on the full sales and service cycle—from understanding client needs and providing accurate quotations to delivering high-quality installations.

Our success is built on strong relationships, honest communication, and consistently delivering on our promises. We look forward to partnering with you to provide security solutions you can trust.

Jurie de Wit
CEO – Mr Safety (Pty) Ltd

VISION & MISSION

Vision

To be a trusted and respected leader in the security and steel solutions industry, recognized for innovation, quality workmanship, and long-lasting client relationships across residential, commercial, and agricultural sectors.

Mission

Our mission is to simplify security by delivering practical, effective, and affordable solutions tailored to each client's needs. We are committed to maintaining high standards of safety, service, and integrity while continuously improving our systems, skills, and processes to better serve our clients.

OUR SERVICE

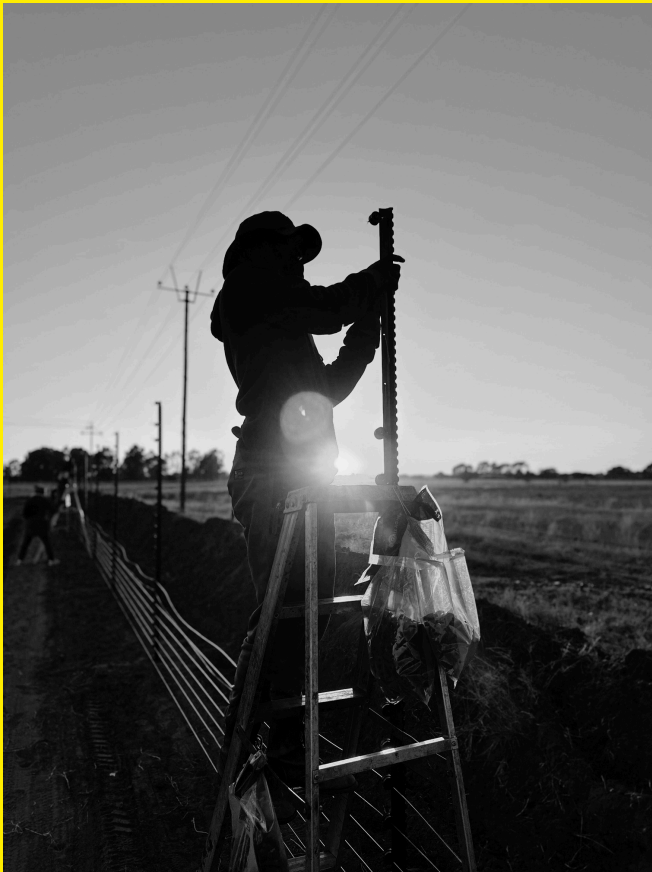

We provide tailored security and steel solutions for homes, businesses, and farms, including:

- Electrical fencing (farms, game fencing, residential and wall-top installations)
- Clear View fencing for commercial and residential properties
- Gate motor installations with access control options (key fobs, intercoms, call systems)
- CCTV camera installations (excluding monitoring services)
- Carports and shading structures
- Anti-theft window brackets and safety gates for doors
- Light TLB and excavation work (baby TLB)

OUR GOALS

Our goal is to consistently deliver high-quality workmanship while providing reliable, practical security solutions that meet the unique needs of each client. We aim to build long-term relationships based on trust, transparency, and dependable service, ensuring that our clients feel confident in choosing Mr Safety. As a family-owned business, we focus on sustainable growth, hands-on management, and continuous improvement, allowing us to adapt to industry developments while maintaining the personal service and high standards that define our company.

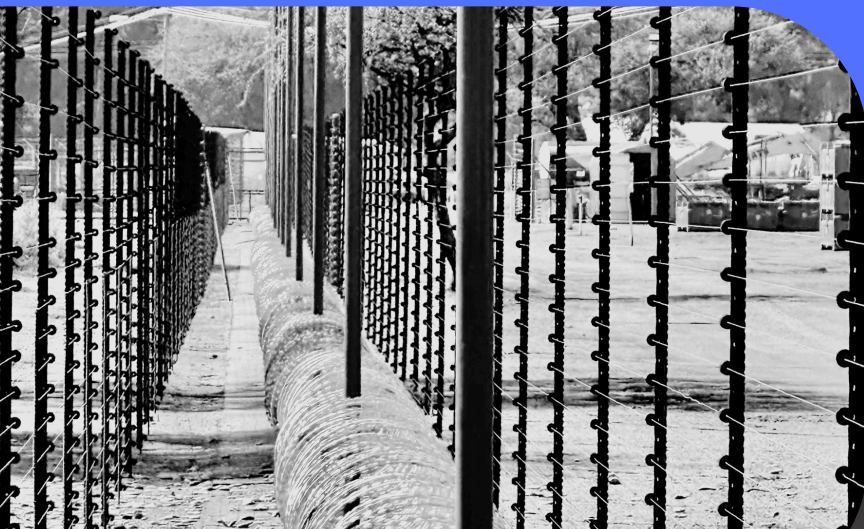

OUR PROJECT

Our projects range from residential security upgrades to large-scale agricultural and commercial installations. We have successfully completed:

- Farm and game electrical fencing projects
- Business premises secured with Clear View fencing and access control
- Residential homes equipped with electric fencing, gates, and safety features

Each project is approached with careful planning, quality materials, and professional execution.

CONNECT WITH US

Mr Safety

We believe that strong relationships start with clear communication and trusted service. Whether you are looking for advice, a quotation, or a complete security solution, our team is ready to assist you with professional guidance and practical solutions.

We welcome walk-in clients, phone enquiries, and email requests, and we are always happy to discuss your specific needs and recommend the best options for your property.
