PATIENT FINANCIAL RESPONSIBILITY

In order to reduce confusion and misunderstanding between our patients and the practice, we have adopted the following financial policy. We are dedicated to providing the best possible care and service to you and regard your complete understanding of your financial responsibilities as an essential element of your care and treatment.

Your insurance policy is a contract between you and your insurance company, the doctor is not involved. As a courtesy, we will file your insurance claim for you if you assign the benefits to the doctor, in other words, you agree to have your insurance company pay the doctor directly. Please be advised that some insurances require you to meet a deductible. If at the time of your visit this has not been met, you will be required to pay for services rendered that day. The deductable is calculated by allowable charges from your insurance company. There may be a difference in the amount we collect at the time of your visit and the amount stated on your EOB (explanation of benefits). We will either send you a statement for the balance due or issue you a refund check.

We do have prior arrangements with many insurers and other health plans and do accept assignment of benefits. We will bill those plans for which we have an agreement and will require you to pay the authorized co-payment at the time of service. We will collect your co-payment upon arrival of your appointment.

If you have insurance coverage with a plan that we do not have a prior agreement with, we will prepare and send the claim for you on an assignment basis. This means your insurer will send the payment directly to you. Therefore, our charges for your care and treatment are due at the time of service.

All health plans are not the same and do not cover the same services. In the event your health plan determines a service to be "not covered", you will be responsible for the charges. Payment is due upon receipt of a statement from our office.

All payments that are returned by the bank will be subject to a $50.00 returned check fee.

If you need to change your appointment, please call us at least 24 hours prior to your appointment date to avoid a **$100.00** no-show fee. **If you no-show to your appointment, we will not be able to reschedule your appointment.**

I have read and understand this policy.

REFRACTION

One of the most important parts of your exam is the refraction. That is the part of the exam in which we determine whether you can be helped in any way by a new glasses' prescription. It is also how we determine your best visual acuity which is essential medical information for us to have as we assess your eye.

The refraction is **NOT** a cover service in this office since the insurance plans consider it a "vision" service not a "medical" service. The fee for the refraction is **$75.00**. This fee is collected at checkout the day of your appointment.

- ○ I have read the above information and understand that if I choose to get a refraction, I accept full financial responsibility for the cost of the service and understand that it is due at the time of service.

Glaucoma Testing

To Glaucoma suspect patients:

RE: Coverage for the OCT (Ocular Coherence Tomography):

Dr. Glick feels it is necessary to perform the glaucoma testing at the time of your visit if you are a Glaucoma suspect patient. The glaucoma testing helps to diagnose and follow glaucoma.

The OCT is no longer covered by Medicare guidelines and your insurance will NOT pay for the test. The cost for the OCT is **$40.00**, and it will need to be collected at the time of your visit.

- o I want the OCT performed. I **WILL** be asked to pay at the time of my appointment, but I also want my insurance billed for an official decision on payment. If your insurance pays for the testing, you will be refunded the payment.

- o I **DO NOT** want the OCT performed. I understand this is my choice and Dr. Glick will not be responsible for any consequences this decision may cause.

Thank you,

Billing department

LATE CANCELLATION AND NO-SHOW POLICY

We are always happy to accommodate you and your health care needs by reserving an appointment specifically for you. However, in consideration of other patients who are also waiting for care, we do request 24-hour notice (at least) for cancellation of your appointment.

In these complicated times, we understand that there are always circumstances that may prevent you from keeping your appointment. However, we are sure you will agree that 24-hour notice is the bare minimum we can use to accommodate a waitlist patient who is in need.

A fee of $100 ($200 for a procedure) will apply if you "no show" for your appointment or if our office does not receive notification of cancellation at least 24 hours prior. Payment of this fee will be necessary before a new appointment is scheduled. We reserve the right to request a credit card in order to hold the new appointment.

Patients who are running late are asked to call the office as soon as possible to check with the staff.

We greatly appreciate your understanding and cooperation. Please sign below that you have read, and acknowledge the above information provided to you.
