KHS SSP 'DRAFT'

Kugluktuk High School's Student Success Plan

¥

Educational change requires 3 forms of understanding * a critique of the way things are * a vision of how they should be * a theory of change for how to move from one to the other

Systemic transformation in education must appreciate the complexity of the education system and appeal to that system at multiple levels simultaneously

HAYDN GEORGE EDU9101B-650 Dr. Jay Loftus April 2018

Explore your natural curiosity

Have high motivation & expectations of themselves (this has the greatest influence on achievement)

Articulate your strengths & interests

Attend daily & encourgae others to do the same

Genuinely cares for students & staff Welcomes & supports the community Starts by asking what can you do well? Creates conditions for learning Teaches students 1st and subjects 2nd Knows that educational improvement is rooted in inspiring students to learn Believes engaging students as individuals is at the heart of raising achievement Understands where students are coming from and helps them become Inummariit

Believes all school aged individuals are entitled to a meaningful education
