COPPERMINE

Coppermine is situated 370 miles north of Yellowknife at the mouth of the Coppermine River and on the southwest shore of the Coronation Gulf.

The population is about 600 people, consisting of 50 whites and 550 Eskimos.

The school consists of 7 classrooms operating in two buildings. The new school contains five upper classes, an activity room, health room, staff room, store room, library, and office. The old school contains two primary classrooms and a kitchen for serving school lunches. The old school's kitchen is also used for the senior girl's Home Economics Class. The senior boy's Shop Classes are held in a 512 adjacent to the new school.

There are three churches, a Roman Catholic Mission, an Anglican Mission and a Pentacostal Mission.

The Hudson Bay Store provides the family needs.

The temperature ranges from forty to seventy-five during June-August. There is constant cold from December to February.

A Community Hall provides two shows a week, an adult and a family one. Dances and games are also held there. Outdoor activities are numerous; fishing, hunting, hiking, a little skiing, and skating are popular. Skidooing is probably the most often enjoyed outdoor activity.

Principal's Message

I would like to commend the students of Kugluktuk School who have worked so diligently to produce this first issue of NORTH STAR.

May this be only the first of many many more yearbooks.

During the past year it has been a great pleasure working with the people of Coppermine and particularly with the children.

The year has seen some failures and some successes and certainly this yearbook must rank high among our successes.

Polar Bear

The polar bear is one of the most hardy animals living today. The polar bear's main dish is the seal which can be found all over the North. Spring finds them with two or three cubs following at their mother's heels. The polar bear is an excellent hunter and a very good swimmer. Today there are not so many bears around.

Student Council

The Student's Council

The Student's Council for 68-69 has had a very successful year. A candy sale was held at the Kugluktuk School on the 25th of October. The Hallowe'en Dance was held on the 1st of November and was a big success.

The Student's Council held a Christmas Party on December 21st. Most of the students in grades four to eight attended the party.

At the beginning of the year, an election was held to form a Student's Council Executive. Stephen Bennett was elected President, Pauline Niptanatiak Vice-President, Bobby Kadlun Secretary, Fred Taptuna Treasurer, and Pat Anablak Social Convenor. The room representatives were; George Milukshuk for grades seven and eight; Millie Kamingoak for grades five and six; Peter Ongiglak for grade four.

Fifth and Sixth Grade

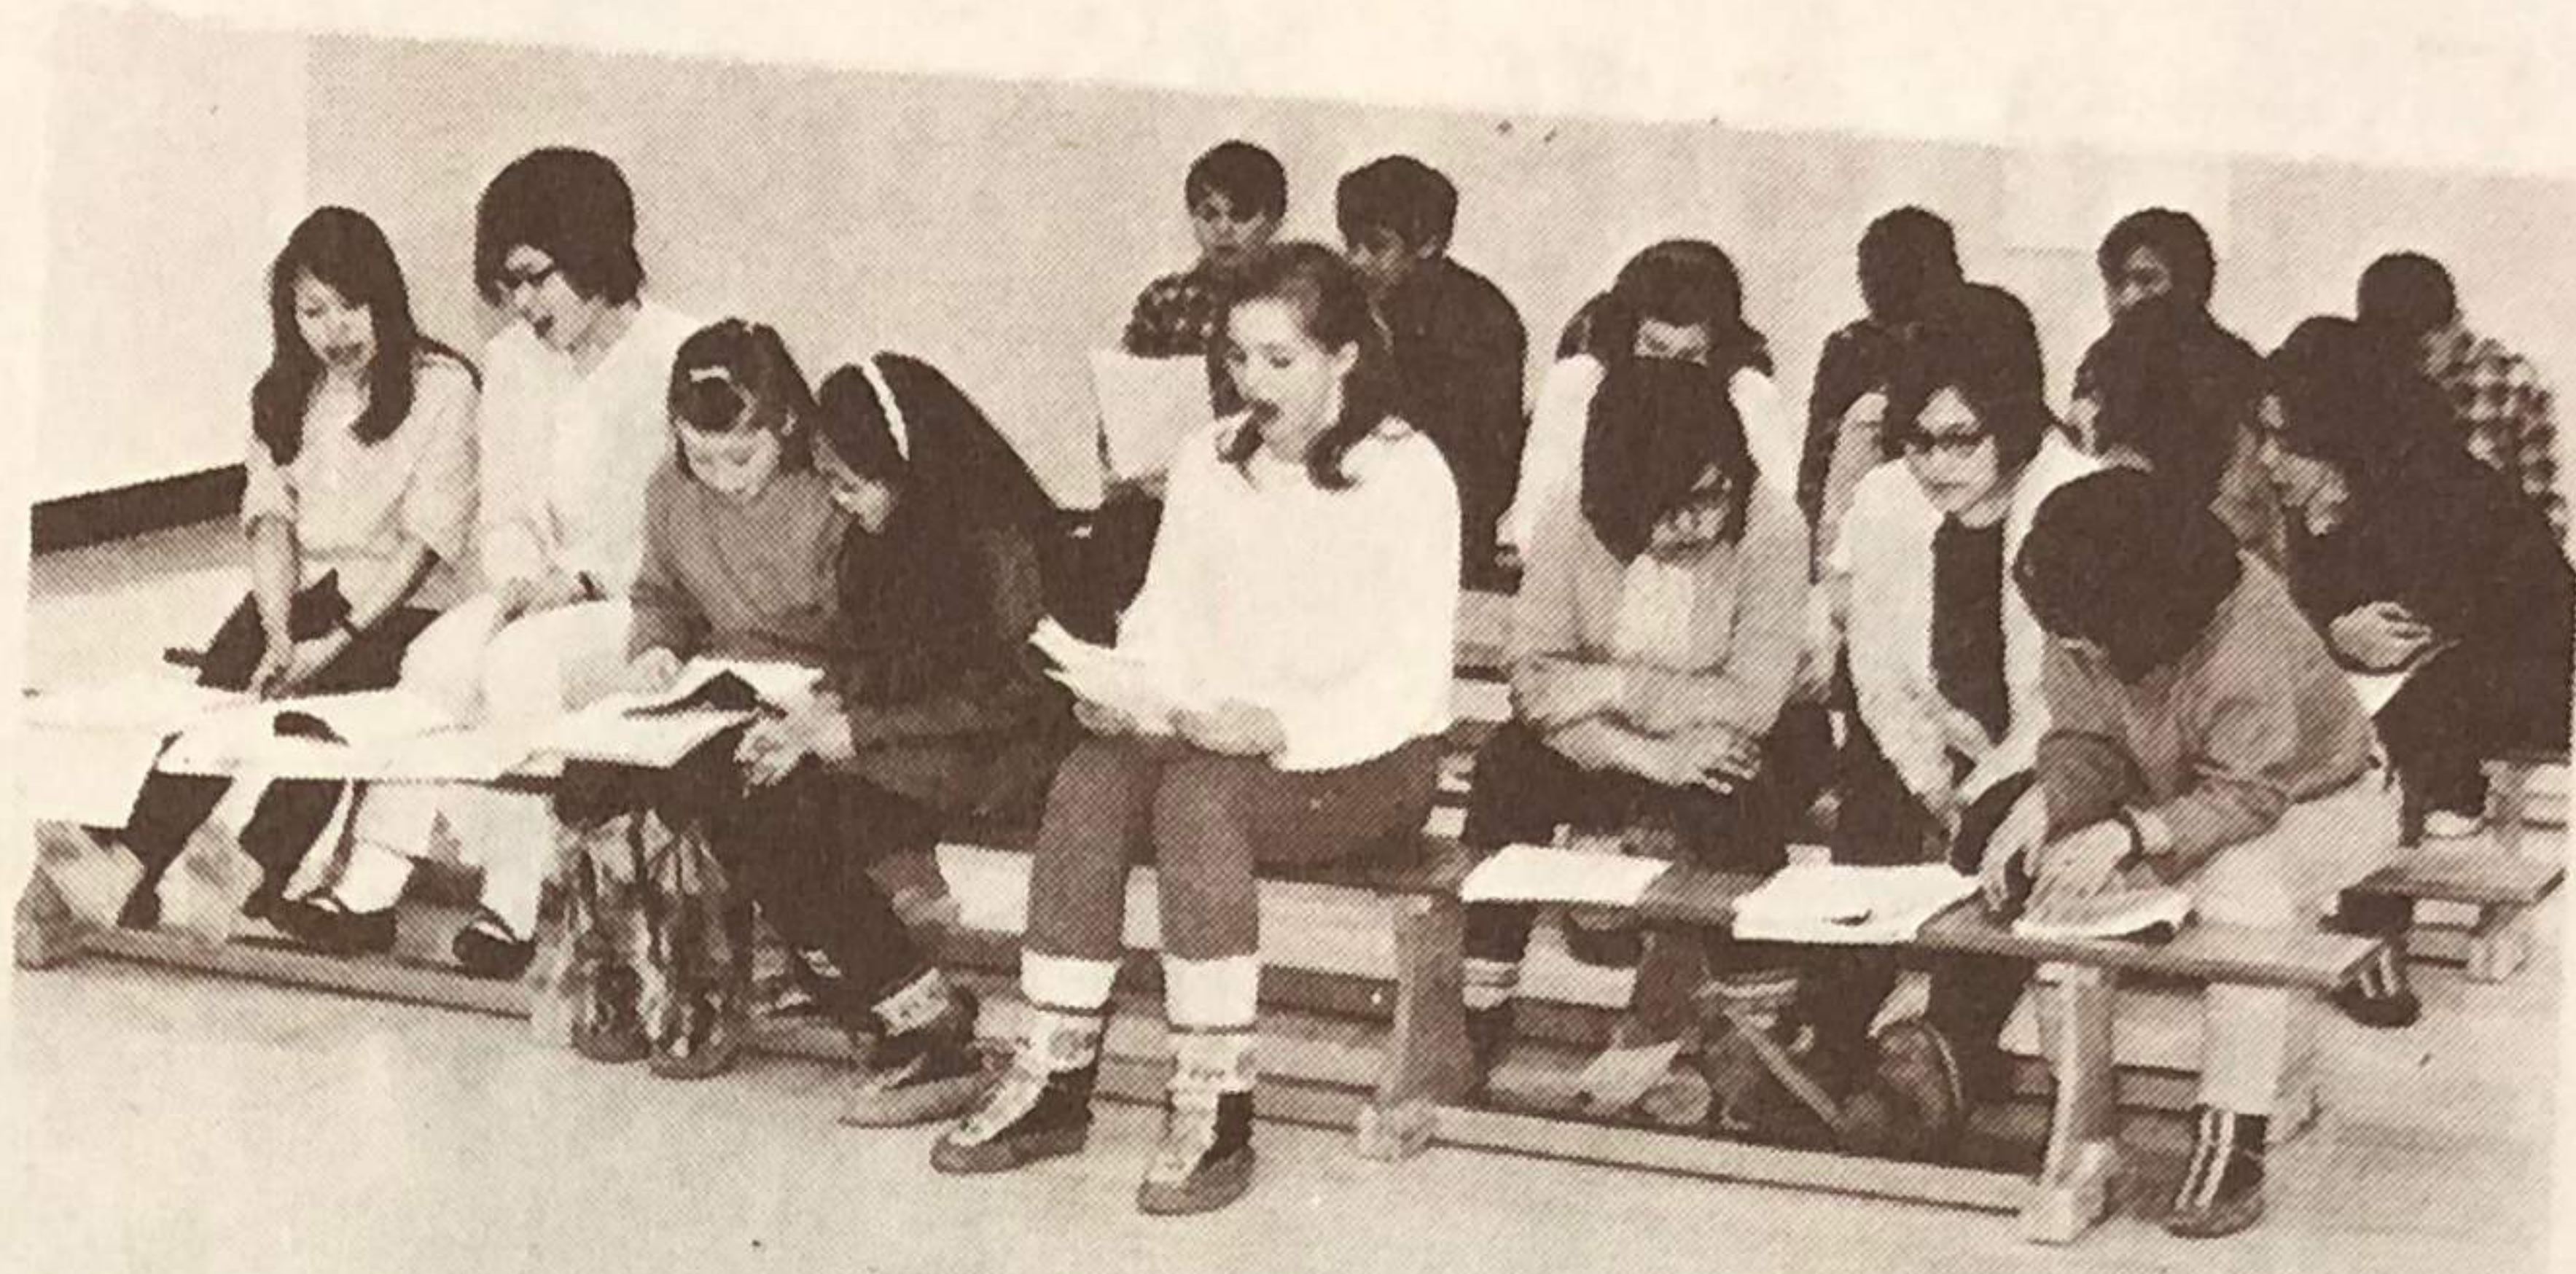

What a Scare

Many, many moons ago, a small Eskimo boy sat down to rest after a long walk. When he was thinking how far he had to walk, just to bring a pound of sugar to his aunt, he heard something coming toward him. He was so terrified he didn't even look back, but started to run as fast as he could. He had forgotten how tired he was. He ran and ran and he did not even care to stop. When he was close enough to his home he looked back and it was only his pet dog.

Pauline presents prize to Richard

A Name-the-Yearbook Contest was held in our school. The winner was to receive a cash prize. The Student's Council gathered up all the entries and examined them carefully. The winning name was, "NORTH STAR".

The prize was presented to Richard Kaiyogana by the vice-president, Pauline Niptanatiak.

The Flying Bear

Once there was a bear
Thought he might fly in air
So he climb the hill
Just like Jack and Jill
Then two boys came up
They came faster to the top
To look for some berries
Yum Yum they're just like cherries
And the bear came along
To where he belonged
He asked the boys how to fly
You can't go high as the sky
The boys laughed and laughed
For they are first or last

The Runaway

Once there was a boy who lived with his father and mother. They were on the farm. The boy was lazy and wanted to run away without asking his mother and father. When it was night time the boy took his suitcase and he went outside and started on a trip. In the morning, when they got up, his father called him. His father looked in his bed. He was gone. His father and mother wanted to look for him. They took two horses and they tied them to the wagon. They started the next day. They came to the boy. The boy had no car. The car was broken. They told the boy to work and the boy was not lazy anymore.
