

SARAH NATHALIE

Greetings! ♥

Welcome back to another newsletter! I just want to take a moment to thank God for allowing us to be alive reading this right now. Not a lot of people are in our shoes and I am so grateful that each and every one of you exist and that God has kept you. Remember, you are a child of the one true King and He loves you.

What a beautiful day the Lord has made!!!

my own instrumental to the song and rerelease it! Till then, sundae is still up!
You can also continue enjoying *seek ye first*. Happy one week to that EP!

What's been on my heart? ♡

It's been on my heart to spend more time with Jesus. Particularly in the morning before I start my day. Walking outside to enjoy His creation and read the Word has been one of the most life changing things for me. It has also been helping tons with my anxiety and stress. Keeping a prayer journal has helped me stay focused and only concerned with speaking to God at the specific time!

If you have trouble staying focused during your quiet time, I recommend changing your quiet time space! For me, my room is associated with so many things! Gaming, producing, work, meetings! I wanted to have a space that was distraction free and outside worked amazingly!! So yes, get that quiet time in lovebug! I promise you it is worth it. Jesus awaits you.
