

SARAH NATHALIÉ

**Hi there, everyone! ♥**

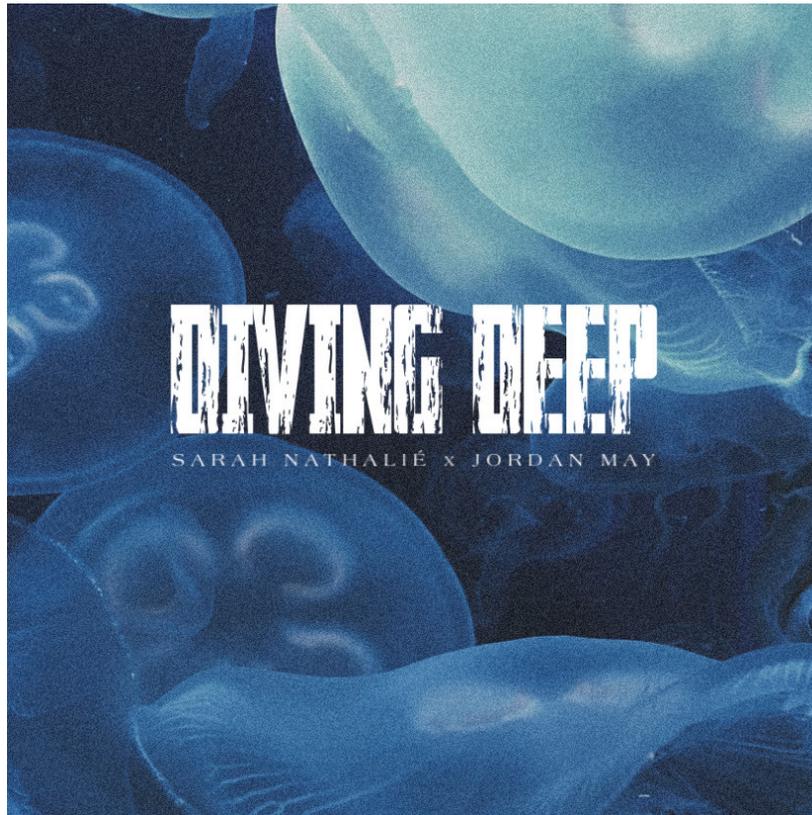

Wowowow. It has been quite a while! I am so sorry for sending this out so late in the day! It is June 11th at 4:52 p.m. as I write this.. but I thought, I promised today- and better late than never! My friend Jordan probably has no idea that he is the cover of todays newsletter. LOL~~ The reason is because I released a song with him today! Diving Deep The Remix is out now and is the only single from the remix album that will be coming in late July!! Listen on one of these links!

## Updates/Behind The Scenes ♡

Sooooo, right now I have a lot in my library! It will all come with time, but lately I have been directing all of my focus to the remix album!! 5/8 songs are finished and I couldn't be more excited!!!

I also have been super busy in the realm of collaborations and features. I really hope you all enjoy these releases as they come out! These are a few of the artist you can expect to see songs with in the near future:

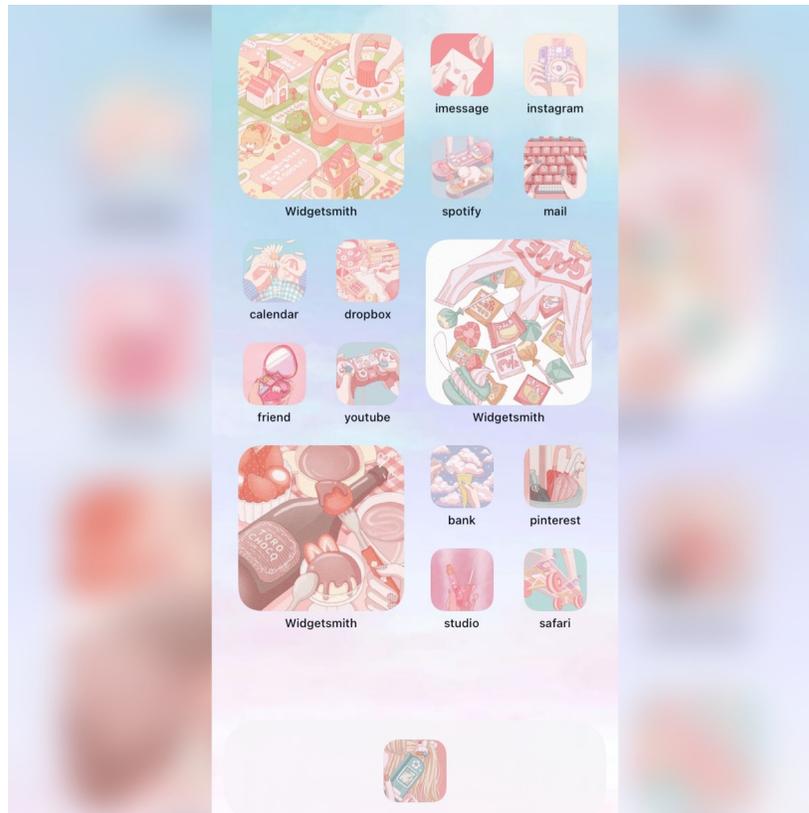

Jonny Henninger  
Tobi-A  
Rehmaz  
Wes Harris  
Asha Elia & Rebekah Young

and much more on the remix album!!! give them all a follow~

On another note, I want to start being more active on youtube. However, I also know to be cautious with my mental health and time management! Really praying for the Lord to give me motivation, new ideas and resources. What can I pray about for you? Here is a link to my latest video:

### What's been on my heart? ♡

My heart has been heavy with just wanting to stay in the Lord's will. Brothers and sisters, spiritual abuse, mental health, the bait of Satan which is offense and unforgiveness- these are all real things!!! To be honest, there are a couple of very personal things I have been dealing with that have to do with all 3 of the topics I just mentioned. My desire is to encourage you all to dive deeper (no pun intended) into prayer and take advantage of your quiet time.

In short, do not seek to experience the Lord- but to know the Lord. (Romans 12:2) Seek ye first the Kingdom, and all else will fall into place. (Matthew 6:33) Give thanks for everything and pray about everything- even if it hurts. (Philippians 4:6-7)

Leaving some resources in this section that you all can check out and maybe see a bit more of what has been on my heart, truly. Love you all so so much!
