# The Council Local Plan & Parliamentary Constituency Changes

Mind boggling times when we are being asked by SBC to comment on the proposed SBC New Local Plan with its new neighbourhoods and existing wards and at the same time asked to consider parliamentary constituency changes.

## 1. Southend Borough Council's proposed Local Plan and proposed neighbourhoods with existing wards

So new neighbourhood map shows the Kursaal building, Marine Parade, part of Eastern Esplanade and possibly the Woodgrange Estate no longer in our neighbourhood, instead they go to Southend Central. Kilworth Estate remains located in Southchurch (west) Neighbourhood. Kursaal ward appears to span both neighbourhoods.

**SBC Local Plan - New Neighbourhoods**

**Southend Borough** comprises 8 distinct neighbourhoods

82,000 Existing homes

Density 19.6 homes per hectare

23,620 homes required by 2040

529.9 hectares of protected greenspace

20,000+ trees

15 allotments

8 Nature conservation areas

50+ Sport facilities and pitches

58 Schools

2 Colleges

1 University

1.09 cars per household

1.31 cars per house

0.65 cars per flat

**Different topic Parliamentary Constituency Boundary changes**

**Proposed Constituency Boundaries**

**Political Wards**

**Southend Borough Statistics:**

- Resident Population: 183,100
- 7+ million day visitors per annum pre Covid-19
- 64,700 jobs in Southend
- 48 Commercial Areas (93 hectares)
- 7 miles of coastline
- 1 International Airport
- 9 Train Stations
- 3 Theatres
- Cultural facilities
- 2 nationally recognised art companies
- 20 Business/Industrial Estates (118.3 hectares)
- Extensive Bus Routes

## 2. Governments parliamentary constituencies changes (unrelated to 1 above)

The new constituencies still place us within Southend East and Rochford as before but keeps the Kursaal, Marine parade and the Woodgrange Estate within our constituency, but our neighbours Milton ward, St Lukes ward and Victoria ward leave to join a new look Southend West constituency. At present I assume MP James Duddridge remains our MP to represent us in Parliament.

## Veolia Southend & Kilworth Estate

Many residents have been complaining about the litter in the streets and the bin bags left out on the pavement on non-bin collection days. This issue has been raised with Cllr Matt Dent, who has acknowledged that there are problems at present. Different members of the group have been out litter-picking. Please remember to place your bin bags out on the edge of your

property the day the bin men are due. Report-It tickets have been raised on Southend Councils website. All members of the community are encouraged to keep the pavement and gutter outside of their property clean. It has also been noted that since raising the Boxing Day walk issue, not only did trolls, with questionable Facebook Profiles, instantly misinterpret the video, but certain members of Kilworth Estate seem to have been targeted by having their bins collections regularly missed by the bin men and food boxes scattered further down the street...

**The chair of, Kilworth Estates Residents Association (KERA), has sent a letter to the chair of Burges Estates Residents Association (BERA), who also happens to be deputy leader of Southend Council, Ron Woodley. Within the letter we have expressed concern regarding the density within our area of hostels for Alcoholics, Drug Addicts, long-term homeless and Ex-prisoners. While we acknowledge these hostels provide a vital support line for**

these people, we are concerned that the amount of these hostels within such a small area is not providing the residents of these hostels space to heal. We asked BERA to support us in this situation and suggested a better provision maybe to have each hostel spread out by a mile or so and each ward to provide space for such hostels. We await a response from Ron Woodley.
