We the People Assembled under God's Law and Right Guaranteed by the 1st Amendment to the Constitution Address you and hold you to your solemn Oath.

**Lt. General William M. Journey**

Commander MARFORPAC

P.O. Box 64129

Camp H.M. Smith, Hawaii [ 96861 ]

Dear Commander:

As a commander in the armed forces of the United States of America, and having taken the solemn Oath to defend the Constitution for the united States of America from all enemies, foreign and domestic. (pre- 1871) You are the People's and Constitution's last hope. Failure means there is no longer a Republic but a Socialist Democracy run by agents of the BAR .

At present within the United States of America there are insurgents run by a foreign entity called the British Accreditation Registrar, BAR, in which all members are squires in a foreign government in relation to the united States of America. They are protected by a web of laws created to shield them from legal and criminal charges/harm, Chief of these is the Foreign Association Immunity Act of 1945. Further solidifying their grip over the country is the APA of 1946 in which they give themselves power to administer the government without congressional approval thus subverting all branches of government.

The commander of the USS Boston, Lucien Young, with his detachment of armed servicemen along with United States Minister to Hawaii, Ambassador John L. Stevens, directly participated in the coup de main which overthrew the Kingdom of Hawaii. In December of 1893 these same actors rejected the orders from the Commander in Chief, Grover Cleveland, to reinstated Queen Liliuokalani to her rightful position as the Monarch of Hawai'i. Not only did the military fail their Commander in Chief they violated their Oath to the Constitution on two fronts. First they disobeyed a direct order from the President, violating Article II, sec. 2, and second they violated Article VI trespassing the Treaty of Peace the United States of America has with the Kingdom of Hawai'i which is a usurpation of the Constitution they swore an Oath to protect.

You have the solemn responsibility to right this wrong and 130 years of occupation. For that reason We the People have attached hereto: **Notice and Demand diplomatic and humanitarian protection-** - - to you, your office and your subordinates, signed by the authority created by law under the Constitutional and delegated by the Constitution to address you.
