DIE STORAGE SYSTEMS  
by Wagner Die Supply

## Henderson Platen Die Storage Carts

Designed to safely and efficiently transport dies to and from the press, Henderson Platen Storage Carts can handle dies, stripping jigs, even blankers. With 3 patented Section types to choose from, 1" T-Section, 4.5" and 5.5" Bobst Sections, you can custom order your cart to accommodate the types of tooling you use most. Carts are 48" long, and feature rugged steel construction, and are easy to assemble. Plus, for shops implementing **Applied Lean Manufacturing** – TOW (Things on Wheels) takes tools or SMED (Single Minute Die-exchange) principles closer to application, increasing safety and reducing time constraints, resulting in **\$\$\$\$ return**.

**Contact us today, we'll assist you with any Henderson Die Storage product perfect for your application!**
