

# 5-Gallon Pail Storage Unit

Compact 56"x129" footprint stores up to 108 5-gallon pails!

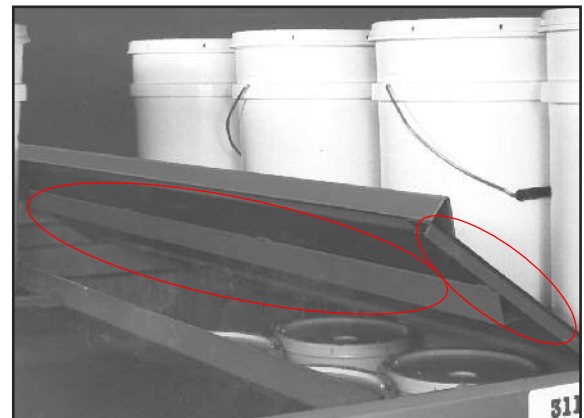

Henderson 5-Gallon Pail Storage Units offer a safe and efficient method for storing 5-gallon pails. Whether you're storing paints, coatings, adhesives - even printing ink, our 5-gallon Pail Storage rack offers 3-levels of secure storage for up to 36 pails per level! Pails are stored in rugged rails that are 90° angle iron reinforced. The three separate levels have independent turnbuckles to keep the beams and rails in solid contact, even under full loads.

Each of 3 levels feature independent adjustable turnbuckle for adjustment - keeping the beams and rails in solid alignment - even when fully loaded.
