A New Perspective on Sustainable Living

PERCEPTION WINDOWS ARE YOUR EXPERTS IN ALUMINIUM
WINDOWS AND DOOR SOLUTIONS

Our professional team of design and sales representatives have culminated over 30 years of experience within the fenestration industry, working alongside our valued customers to provide market-leading energy efficient double glazed windows and doors.

From our in-house design team to experienced service technicians, we can help you in all aspects of the process from beginning to end.

Achieving the Highest Standard

As the first and leading Australian company that utilises the unique capabilities of silicone glazing, our products are big on both aesthetics and energy conservation. Compounded with low maintenance Akzo Nobel powder coating and an optimal air gap of 12mm, our products provide tried and tested longevity and sustainability far beyond the industry standard.

We are a proud member of the Australia Window Association (AWA) and Window Energy Ratings Scheme (WERS), and abide by their code of ethics. This means our products are locally tested to ensure they are manufactured to withstand Australia's notorious weather conditions, and your peace of mind.

Product Range

THERE'S SOMETHING FOR EVERYONE

Our aluminium windows and doors are available in a wide variety of styles and configurations to suit the architectural design of your home. Custom windows can also be made upon request, including raked windows or corner butt-join windows.

Perception Windows also relies on internationally recognised, yet proudly Australian suppliers to deliver premium products to our customers. Our suppliers include Doric, Austral Lock and Lockwood, whose renowned quality and design guarantees quality for many years into the future.

Our Team

We are based locally in Hallam, Victoria. We pride ourselves on our experienced technicians to install and service any project, large or small. With over 30 years of valued experience, you can rely on us to efficiently install or service your order, hassle-free.

Our customer service team will also look after you from the very first step. Key account managers are assigned to you to ensure all your needs are met to the highest standard. We believe communication is crucial to any relationship, and strive to keep you up to date on the progress of your project.

Past Projects

Our success over the years has allowed us to work on a number of pre-eminent residential projects across Victoria. Having built strong professional relationships with leading Australian builders such as Burbank, Glenville Homes, Liberty Builders, and Sunland Group, Perception Windows continues to strive towards excellence in both product delivery and customer service.

The strength of our partnerships also extends to owner-builders to create individual boutique projects, personal family homes, extensions and replacements.
