

1st Annual Taylor's HOPE Golf Classic

A golf outing benefiting Taylor's HOPE, a non-profit making a difference in our Erie community.

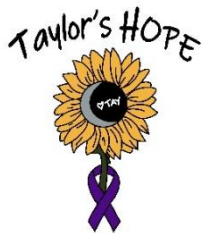

Taylor's HOPE was founded in 2023 to continue the mission of Taylor Miller, an advocate campaigning to erase societal stigmas regarding Substance Use Disorder and Mental Illness before she lost her own battle, at the age of 27, with these diseases in 2021. Our goal is to continue her mission of helping others by educating and creating awareness of Substance Use Disorder, mental illness, and the dangers of drugs.

We create and participate in community outreach programs throughout Erie County, PA and have had the opportunity to speak with, educate, and provide resources to thousands of people. Our local digital billboard campaign, in partnership with Lamar Advertising, has been an effective tool enabling us to reach a large demographic. We are currently focusing efforts on expanding our current presence in the local school system through the production and presentation of a professional documentary sharing the personal stories of survivors of the opioid epidemic. We're also working to establish a scholarship fund for college students who have been affected by Substance Use Disorder or Mental Illness.

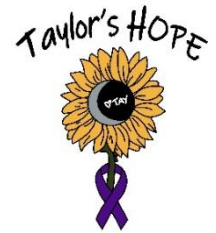

To see more of what we do in our community, please go to our website (www.taylors-hope.org).

Please consider helping us as we expand our educational programs and community outreach of Taylor's HOPE.
