

About Allant Federal

Allant Federal is a woman and veteran-owned small business that offers transformational, innovative, and cost-effective enterprise IT services to Federal customers & Industry partners.

Allant was founded by a group of government-industry professionals with over 90 years' combined experience in leading enterprise organizations, programs, and projects. We understand that achieving mission success is our customers' highest priority.

Allant's operating philosophy is to deliver the right expertise at the right time. Because expertise is everywhere and not only in one organization, company, or team of companies - we developed a human ecosystem of highly skilled subject matter experts (SMEs). Our ecosystem is comprised of Allant staff, independent consultants, and partnerships with industry-leading consulting firms, recruiting agencies, and federal system integrators.

At Allant, we focus on increasing customer satisfaction, delivering operational efficiencies, and achieving cost-effective service delivery options for our partners. By implementing next-generation tools, methodologies, and best practices, we offer:

- Proactive and adaptable IT services aligned to IT Infrastructure Library (ITIL), International Standards Organization (ISO) 20000-1:2018, and Capabilities Maturity Model Institute (CMMI) for Services Level-3 processes focused on lowering IT costs and increasing scalability.
- Operational efficiencies, value, and innovation through utilization of Agile and Lean Six Sigma standards.
- Agile development methodologies focused on improving the velocity of new feature delivery, accelerating API development, and migrating to cloud architectures.

Value Add to Industry Partners

As a teaming partner, Allant brings over 60 years of collective experience in business development, capture management, and proposal writing with more than \$8.2 Billion in wins!
