A MESSAGE FROM OUR TEAMS

Tokáhe Distribution's mission is to collaborate with the Minnesota cannabis industry to provide reliable, educational, and adaptive products that represents the best this budding industry has to offer.

Together with our cultivator, Good Steward, and our manufacturer, North Star Canna, we ensure that every product is carefully curated to reflect our dedication to safety, cleanliness, and unparalleled quality, giving your dispensary a competitive edge.

Whether it's for an active lifestyle or a well-earned moment of relaxation, Tokáhe Distribution offers something for everyone seeking premium cannabis experiences.

Tokáhe Distribution is Minnesota's trusted cannabis distribution facility, serving the entire state with organically grown, high-quality products. Our cannabis is cultivated on our own farms and in partnership with top-tier growers and manufacturers, ensuring premium flower and products reach dispensaries across Minnesota.

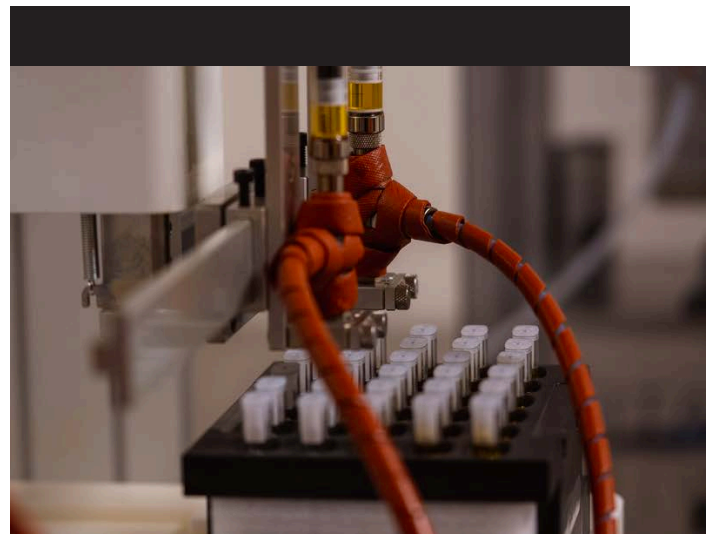

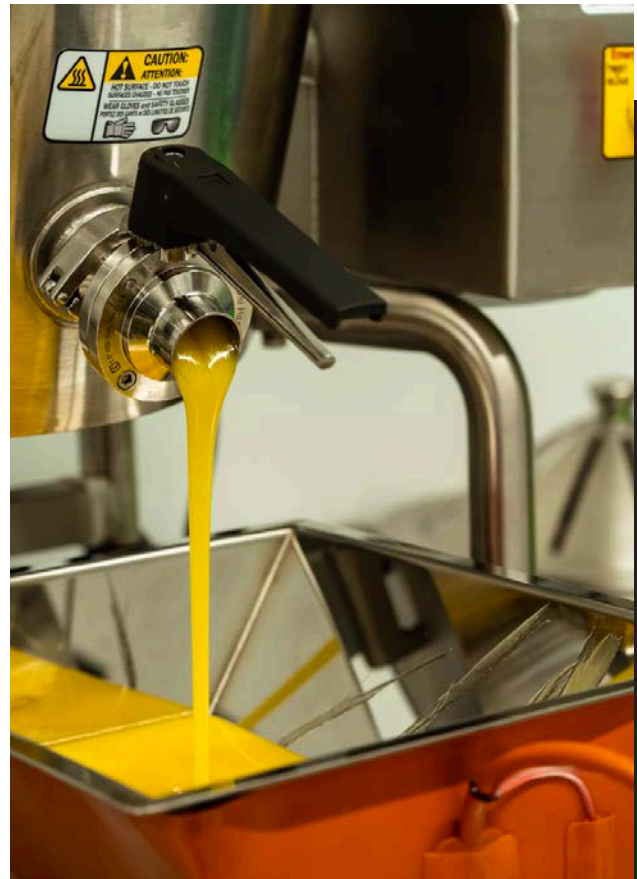

We proudly distribute Grasslandz, Island Peži, True Canna, Lakeside Cannabis Co, You Betcha, and Nebula, bringing trusted brands directly to you.

Minnesota deserves the best - and we're here to deliver.

Tokáhe

Distribution

Minnesota's premier cultivator, dedicated to growing cannabis with integrity and intention. Our regenerative cultivation practices restore the land, support biodiversity, and yield cannabis that is naturally vibrant and full of character. Just as regeneratively grown food is richer in nutrients and antioxidants, cannabis cultivated in Good Steward's living, thriving soil produces a cleaner, more complete plant.

Good Steward offers a diverse range of sun grown, greenhouse, and indoor vertically cultivated flower—all nurtured in locally crafted regenerative living soil, free from synthetic additives. Our flower serves as the foundation for premium live rosin and THC distillate concentrates, pre-rolls, and cannabis-derived edible products, delivering a pure and elevated experience.

**TAKE CARE OF
THE EARTH, AND
IT WILL TAKE
CARE OF YOU**

Crafted with care and inspired by a love for quality and community, North Star Canna takes pride in setting the gold standard for cannabis manufacturing in the North Star State.

At its core, North Star Canna is a true collaboration. By teaming up with Good Steward and reliable hardware producers, we ensure the production of durable and visually appealing products that reflect the values and aspirations of our cannabis community here in Minnesota.

Our products are not just items; they are experiences crafted to enhance the everyday lives of our consumers. From the thoughtful selection and creation of raw materials to the careful attention given to packaging design and every phase of production, our goal is to produce items that are not only beautiful but also dependable and safe.

Grasslandz

Grasslandz is a cannabis brand where intentionality meets quality. Our passion for cannabis is rooted in our commitment to regenerative farming and delivering a product with a purpose.

Regenerative farming, as practiced by Good Steward on behalf of the Grasslandz brand, is about giving back more to the earth than we take. It involves methods like cover cropping, reducing soil disruption, and encouraging biodiversity to create fertile land that improves year after year and is circular in nature. This sets us apart by focusing on renewal and long-term land vitality rather than just maintaining current conditions.

Once our plants have bloomed, our detail-oriented and compassionate team work to harvest the plants to ensure they keep their integrity, quality and are the best possible product once they hit retail shelves. All processes are done by hand, just as they should be.

All About Terpenes!

Grasslandz is proud of not only our sustainability practices, but in our terpene profiles. Using natural terpenes like Linalool for stress and anxiety relief or Humulene for it's anti-inflammatory properties, Grasslandz has just the right products to fit your needs

With a focus on terpenes, we ensure our customers are making informed decisions about their consumption. We focus on how the terpene effects are different and how products can be tailored to each customer uniquely.

Dog Walkers

Each pack has TEN .35 G pre-rolls all rolled up and ready to smoke! Perfect for an evening stroll and always crafted with care and sustainability in mind.

Disposables and Cartridges

Cannabis vaporizers are a great way to consume discreetly and consistently. Vape cartridges contain concentrated cannabis oil that is heated by a battery and vaporized for inhalation.

Pre-Rolls

Pre-Rolls are a convenient and effective way to consume cannabis. This 1 G pre-roll comes in a variety of strains allowing you to pick the perfect terpene profile to set the perfect mood!

ISLAND PEŽI

A Native Cannabis Brand

"WE BELIEVE IN THE POWER OF DIVERSITY, BOTH IN OUR PRODUCTS AND OUR PEOPLE, RECOGNIZING THE RICHNESS IT BRINGS TO OUR COMMUNITY."

Island Peži, a cannabis brand owned and operated by the Prairie Island Indian Community (PIIC), is dedicated to community values and high-quality flower products. With pre-rolls for ease and portability and 3.5 G of flower so you can pack your favorite piece, Island Peži has all your flower needs covered.

Grown and cultivated right here in Minnesota, we believe in the power of diversity, both in our products and our people, recognizing the richness it brings to the community.

The Island Peži brand was established with a commitment to sustainability and quality. Each growth cycle sees the nurturing and cultivation of new and familiar strains. By emphasizing eco-friendly practices, we guarantee that every stage of the cultivation process reduces environmental impact, allowing you to feel good about the products you choose to bring home.

Grasslandz

Takeover at 2025 Lucky Leaf After Party, Hosted by Canna Connect and Clean Green Media!

The Lucky Leaf Expo is quickly becoming one of the biggest cannabis expos in Minnesota and this year Canna Connect hosted a packed after party, sponsored by Grasslandz and Tokáhe Distribution. This celebration of cannabis, community, and connection was the perfect place to introduce everyone to Grasslandz and their focus on flavor, effect, and intention.

This year's event was hosted at The Teal Room at Modist Brewing Co. which provided the perfect setting for an evening of networking, celebrating, and simply getting to know folks in the cannabis industry. The atmosphere was vibrant and welcoming, with live music setting the tone for a night of fun and camaraderie. Attendees mingled, exchanging ideas and stories, while sampling an array of delicious food and craft beverages. Grasslandz gave out stash jars, late night infused snacks, and plenty of information about their tribal owned, sun grown brand, focused on regenerative agriculture and terpene-rich flower. It was certainly a night to remember!
