**Application for Hemp Guidance Program**

*(We’ll help you meet N.C. Hemp Pilot Program License Requirements)*

**Rationale:** We at More Cloning Around, L.L.C. are hemp farmers and processors. We went through the Hemp Pilot Program license process a few months ago. We found parts of the process (especially the 4 page application) confusing and challenging to complete (including a reference to the I.R.S. and the request for who will provide your plant genetics / purchase your harvested product).

We would like to help others who want to become hemp farmers accomplish this goal by sharing information and converting a section of our family farm into a Community Garden of sorts, where plots are leased.

**Note:** The N.C. Pilot Program will **not** grant licenses to felons. Please do not submit this application if this is relevant to you.

I, ___________________________, do hereby apply to enter into a four month (120-day) contract with More Cloning Around, L.L.C., (hereafter referred to as MCA) to receive their guidance to help me meet the requirements to be granted a license by the North Carolina Hemp Pilot Program. Contract terms are listed below.

1. I will receive a lease of a 10 x 10 foot plot (100 square foot total) on their farm in Mill Springs, N.C. I understand this farm has been in the family for generations and I agree to abide by the following terms:

   (A) The plots are to be used for farming only. Absolutely NO campers, trailers, tents, sleeping bags or other methods of living on the land will be tolerated.

   (B) We prefer no chemicals of any kind be used. Absolutely no pesticides. If what you choose to grow requires additional nutrients, please respect this pristine place and use certified organic products only.

   (C) There is no running water on the property. Please plan ahead and bring water with you sufficient for plant care and drinking.

   (D) For practicality and everyone’s safety, the plots will be accessible during **daylight hours only**.
(E) There are **no sanitation facilities on the farm.** There are multiple restaurants and retail stores approximately 10 minutes away where restrooms are readily available.

(F) Absolutely no debris is to be left onsite. **All trash is to be collected and taken with you when you leave.**

(G) Please be aware that **remote view monitoring may be in place.** Images will only be retained in the unlikely event that a plot participant behaves in a manner contrary to these guidelines.

(H) Exact GPS coordinates will be provided to you when your plot is assigned. If you wish to do so, you may mark your plot with string and twigs, Popsicle sticks or similar **temporary** items. Absolutely no permanent or semi-permanent fencing, netting, etc. is allowed and if discovered will be removed without reimbursement. It is your choice what, when and how to plant. Your active participation in the preparation and cultivation of your plot is your responsibility.

(I) You acknowledge that said property is in fact farmland, and understand there will be terrain variances, possibly including uneven ground. By signing this contract you confirm you are mobile enough to easily navigate such terrain and understand that your safety is your responsibility.

(J) Some of the plots are wooded, which provides an ideal area for planting trees, if you so wish.

(K) There are **no secure storage facilities on the farm.** Please bring all required tools with you, and take them with you when you leave. We are not responsible for items that “go missing”.

(L) You understand you are responsible for the behavior of all children, family and friends who visit the farm.

2. I understand that if after 120 days I wish to continue to farm on MCA property, a new contract will be required.

3. I will receive clarification of the Pilot Program application instructions, including how to calculate and submit the GPS of my future hemp growth location.
4. I will receive clarification of the requirement to submit a 2019 Schedule F to the IRS when filing my 2019 taxes.

**Under the terms of this Contract, I agree to comply with everything above and with the following:**

1. I will pay More Cloning Around, L.L.C., the nonrefundable amount of $489.00 in exchange for receiving items 1-4 above.

2. I understand that 120 days after the signature dates below, all MCA actions required by this contract will be complete. It is then my responsibility to apply for a Pilot Program license per the application guidelines in effect at the time.

3. If both parties wish to continue a farming relationship, it may be possible to enter into additional contract opportunities to continue working with and learning from MCA regarding cannabis growth and harvest. If I enter into an additional contract, I will receive preferential scheduling for trimming of my harvest (done by our Ultratrim trimmers).

4. We strongly encourage you to go to the N.C. Hemp Pilot Program website at [www.ncagr.gov/hemp](http://www.ncagr.gov/hemp) and familiarize yourself with all program information.

5. I understand that MCA has no control over any changes in federal or N.C. state laws, rules, regulations or actions regarding the growing, harvest or sale of hemp. I agree to abide by all state and federal guidelines at all times. My signature below means I have read, understand and agree to everything on this application.
