

Job Posting

Job Title	Therapy Post-Doctoral Fellow
Company Name	One Neuro
Location	Culver City, CA
Department	Training Department
Salary Range	\$54,600

Job Description/Overview

OUR ORGANIZATION

One Neuro is a team of psychologists, neuropsychologists, and doctoral psychology trainees who conduct psychological assessments as well as provide therapy and neurofeedback. We treat individuals across the lifespan and are primarily insurance-based.

We provide a positive environment with the goal of providing hope, direction, and health for individuals who enter our clinic. The One Neuro team is supportive and collaborative— and we love what we do!

OUR CLIENTS

We are blessed with the diversity of our client population. We see young children through adults in the later stages of their life. Our clients have varying cultural and socio-economic backgrounds. We see people with a wide variety of presenting challenges who are stable within an outpatient setting. As we take many health insurance plans, we provide services to individuals who might not otherwise receive services.

THE FELLOWSHIP

The fellow is expected work a minimum of 30 hours per week. Fellows are required to maintain of minimum of 25 therapy appointment per week, leaving room in the schedule for all trainings. Fellows have full control over their client schedule and are able to see the majority of their clients via teletherapy. It is expected that fellows work in-office at least one weekday per week.

Compensation and Benefits:

*Fellows earn \$54,600 annually.

*Fellows are provided with three sick days and two weeks of vacation annually.

*Fellows are eligible for Medical, Dental, & Vision insurance.

*One Neuro will cover up to \$250 towards a training or conference.

*Fellows are provided:

-Weekly individual supervision

-Weekly professional development seminar

-Weekly group supervision

-Weekly didactic seminar

-Neurofeedback seminars (optional, if interested in learning more about neurofeedback)

-Therapy room

-HIPAA-compliant Google Meet account

- Electronic Health Records
- Administrative and billing support
- A One Neuro email address
- A One Neuro phone number
- A One Neuro in office messenger
- Access to a One Neuro computer
- Access to printing and scanning
- Access to office supplies
- Access to a staff kitchen

Roles and Responsibilities

- Maintain a weekly case load of 25 clients
- Attend mandatory supervision and trainings
- Complete progress notes in a timely manner

Qualifications

- Have a doctoral degree in psychology
- Completed a predoctoral psychology internship
- Eligible to register with the Board of Psychology as a Psychological Assistant

Preferred Skills

- Comfort working with clients across the lifespan
