<b>Salary Range</b>	78-83 per session

## Job Description/Overview

We are excited to offer a rewarding opportunity for a compassionate, warm, and collaborative Clinical Psychologist/Testing to join our expanding team. In this role, you will provide evidence-based counseling to a diverse caseload and conduct psychological assessments employing evidence-based testing methods to inform diagnoses and treatment recommendations for adults and children.

### Key Responsibilities:

Provide evidence-based counseling to a caseload of 15 clients weekly, offering tailored therapeutic interventions and testing supporting adults and children.

Utilize evidence-based testing methods to inform diagnoses and treatment recommendations.

Deliver high-quality psychological assessments and evidence-based psychotherapy to a culturally diverse clientele, ensuring empathetic care that meets the unique needs of our clients.

Conduct affirming feedback sessions, fostering a supportive environment

Collaborate with the team to provide a holistic approach that fosters healing and transformation

Contribute significantly to the development and growth of our testing services, expanding our reach and making a lasting impact on individuals and communities alike.

### Education

Ph.D. or Psy.D. in Counseling Psychology or Clinical Psychology from an APA-accredited program.

Completion of a Pre-Doctoral Internship at an APA-accredited internship site.

Licensed or immediately license-eligible in Virginia as a Clinical Psychologist

At least one year of post-doctoral clinical experience

### Compensation

Job Types: Contract or PT 2 days a week 10 hours a week

Pay: 78.00-83.00 per session

### Benefits:

Flexible scheduling

Hybrid schedule

### Why Join Us

Become part of a supportive, professional environment dedicated to making a positive impact on the lives of our clients and the broader community.

Shape the growth of our testing services and enhance our client experiences, creating a lasting difference for those we serve.

Opportunities for professional growth and development, empowering you to make an even greater impact in your field and beyond.

Job Type: Contract  
Salary: \$78.00-83.00  
Schedule: 15-18 hours weekly

## Qualifications

Required Qualifications and Skills: Conduct psychological testing and assessments to include evaluations for autism, ADHD, and other neurological and mental health disorders. Evaluate mental health diagnosis, create and implement treatment plans, complete ongoing documentation, including further diagnosis, treatment plan reviews, and case notes according to company policy. Be willing to see 10 patients a week (Part-Time) Comfort and familiarity working with a culturally diverse client base Ability to demonstrate and model stable, appropriate boundaries with clients Provide excellent customer service for clients and collaborate with a dynamic team to further the mission of filling gaps in our community Utilize evidence-based modalities to help clients achieve and exceed goals Attend and participate in all clinical staff meetings and trainings Outreach and networking as appropriate Proficient in the use of Office 365 and Electronic Health Record systems (Therapy Notes experience a plus!) Must be a team player and motivated to continue pursuing continuous developmental opportunities to improve skill set. Self-directed and collaborative Able to work a flexible schedule- 2 evenings or 1 weekend day Excellent organizational skills Effective proficiency in written and verbal communication Energetic, personable, and adept at building rapport with clients Ability to prioritize tasks independently, and work collaboratively on group projects.
