

The Oglethorpe Rotary Club has joined the Oglethorpe County Chamber of Commerce and multiple supporting organizations and businesses in delivering the Leadership Oglethorpe program. Our objective is to increase the leadership capacity in our rural county. The measurable outcomes will include: enhanced community networks and improved social capital; an increased application of leadership skills and new knowledge in community nonprofit, civic and corporate sectors; and a willingness to undertake leadership roles in the community. The skill and knowledge transfer will involve multiple sessions over a 26-week period. We encourage you to join in this effort by offering your support to help in the development of future leaders in our community.
