

TWEEDBUILD.

CONSULTING

CAPABILITY STATEMENT.

WHO WE ARE.

Tweedbuild consultancy provide estimating assistance from cost planning and early contract engagement phases through to detailed bill of quantities and subcontractor comparison analysis.

Through a risk adverse approach, our main objective is to eliminate and de risk tender submissions, giving builders confidence and satisfaction upon their submission as well as maintaining competitiveness. We look to provide a solid foundation through evolving qualifications and allowances to cater to each project to ensure a quality outcome with a clear pathway to a profitable completion. With the current ongoing price rises and unforeseeable future our approach is to ensure any risks are clarified and mitigated.

TWEEDBUILD AIMS TO
SUPPORT YOUR BUSINESS
THROUGH A CONVENIENT AND
COST-EFFECTIVE APPROACH.

SOFTWARE.

Tweedbuild uses market leading software that is constantly being upgraded and is backed with a dedicated team to support and rectify any technical issues and give tutorials.

CUBIT

Measuring and rating software to prepare estimates.

CUBIT SELECT

Subcontractor comparison software that compares all trades and services (integrates with Cubit).

MUDSHARK

Earthwork and civil excavation software that provides existing and proposed 3D visual views to give confidence in quantities (integrates with Cubit).

CORE COMPETENCIES.

Through the use of leading software (Cubit/Buildsoft) we pride ourselves on ensuring accurate and comprehensive documentation is maintained and strive to produce high quality and reliable take offs in preparation for tender submissions.

Our services provide flexibility to the client to engage in end-to-end assistance during the tender phase and through to live construction assistance. An overview of our services includes the following but are not limited to:

- Detailed bill of quantities
- Subcontractor comparisons and evaluations
- Post tender clarification reviews and estimations
- Live project variation estimates and submissions

EXPERIENCE.

Tweedbuild has extensive experience across a range of construction projects, varying in complexity and scale.

Having built a diverse portfolio of projects, Tweedbuild has the ability to hone skills and build relationships with builders, trades and industry professionals.
