Get your hands on STEM at this year's workshops!

Precision Measurements Support STEM and Engineering Analysis By: Hinton Technical Services and ECM Global Measurement Solutions

Light It Up! By: Osram

Design and Build Interesting Structures from Gumdrops and Toothpicks By: NHTI

Solar Electricity Lab By: Revision Energy

Digital Fabrication Technology By: NHTI

How does an infectious disease spread? By: Meghan Jendrysik

Software Development By: NHTI

Nuclear Energy Powering the Past, Present, and Future By: NextEra Energy

Industrial Robotics and Manufacturing Simulation By: NHTI

Power Up and Cut By: Hypertherm

Choremaster By: Project Lead the Way

Bristlebots By: Portsmouth Naval Shipyard

Developing your own Smart Home with Raspberry Pi By: Dell

Contaminated Groundwater Remediation– Engineering Solutions By: GZA

3D Woven Composites By: Albany Engineered Composites

Raspberry Jam By: Comcast

There's an app for that! By: Liberty Mutual

Home Automation with Alexa By: Silvertech

Making a Woven Composite By: Albany Engineered Composites

Engineering, Computer Science, and Robots OH MY! By: Cait Crawford
