

Dear Ohio Lead Professional Workforce Training Provider Partners,

As you know, the Ohio Department of Health (ODH) has subsidized lead professional licensure fees and state exam fees since 2020, and you have helped promote this program with your students. **Funding may no longer be available beginning July 1 – so we ask that you discontinue sharing information about this program with your students.** ODH will continue to process applications through May 31, 2025, for students who were previously made aware of the program.

For applications received after May 31, 2025, without the required license fee, the applicant will receive written communication from the ODH Lead Licensure and Accreditation Program noting that submission of licensure payment is required for their application to be processed.

If ODH learns that funding for this program will continue past July 1, we will be sure to let you know.

Thank you,

Shamus Estep
