

**WOMEN'S REFUGE
Of ST. JOHNS COUNTY**

"The LORD your God is in your midst, The Mighty One, will save;
He will rejoice over you with gladness,
He will quiet you with His love,
He will rejoice over you with singing."
~Zephaniah 3:17~

Dear friends,

It takes many hearts and hands to make the Women's Refuge of St Johns County work. If you are using your heart and hands to pray, give and/or serve in any way, we thank you.

At the Refuge, our reward is when we get to see a life changed. We had the opportunity to celebrate a life changed by God's great love and mercy on April 27, 2024, when Tylor graduated from the Women's Refuge of STJO. Tylor entered our program home April 10, 2023. We not only had the privilege to watch God restore the broken places in her, but also her relationship with her four kids and her family. Tylor now has a full-time job, a vehicle and an apartment for her and her children. We give God all the glory as we know He is the One who made the change in her willing heart and opened the doors for her to walk through. He also uses people like you who support the ministry by coming alongside us where the environment for change can be available to a ready heart as hers and many more to come.

~Congratulations Tylor~
You deserve it

His Kingdom Come,

Debbie Morales
Executive Director

Currently, our home can hold up to four women at a time. We have been in prayer for several years that God would provide a home where the women who graduate from the program can move as they work in the community, save for a vehicle and a place to live, and transition successfully.

We have contacted the Matthews Group who is helping us with the plans to expand so that we can continue with this needed ministry. The new structure will allow the Women's Refuge of STJO to help and house sixteen women. Please join us in prayer as we move forward with the plans God has laid on our hearts. We will have more information to share with you soon. In the meantime, thank you for your support.

May 11, 2024, we had the privilege of participating in the forever joining of Carl Mansell & Tina Brock. Tina graduated from the Women's Refuge program in 2009 and has remained a close sister and friend to the ministry. She made a vow to honor God for all of her days - which meant in her relationships as well. Fifteen years later, Tina has met the man of God that she prayed for, and they were married.

Congratulations
Carl & Tina Mansell
