

Hello.

My name is Tylor and I'm 29 years old.  
During my last experience in St. Lucie County jail, God  
opened a door that is extremely special to me.

This is where God saved me from prison,  
but most importantly, He saved me from living in darkness  
and from repeating my destructive addictive behaviors.  
I came to the Women's Refuge of St. Johns County broken  
and ready for a new walk with Christ.

I am so thankful for this ministry and all my studies.  
I have learned new ways to carry out being a Christ-like  
mother, how to keep Christ at the center of everything and  
that I cannot depend on my own stubborn will.

I am forever grateful for the people he has put in my path  
that have poured into me and are a part of this journey with  
me. I will never forget my time here at the refuge and all  
that I have learned!

“I will restore to  
you the years that the  
swarming locust has eaten.  
God is Faithful and will do it.”

Joel 2:25
