

Hey Friends of Pyra, though we're still leery about opening up for dine-in service, we are also aware that we can't keep the dining room closed indefinitely. So, beginning Tuesday June 9th, we are going to re-open our dining room to (actually) less than half-capacity: from 16 tables to 7 tables. We are also going to be using our Pyra Hide-A-Way (the old bait shop room) to seat 4 tables, and we also will have our patio open with 4 tables available for seating. For those of you who would like to continue carrying-out, we've created our new layout with ample walkway between our tables and the pick-up point inside the restaurant. And we will continue curbside as well. Just let us know, and call us when you arrive in the parking lot.

Beginning on Saturday June 13th, we will begin our Saturday-Sunday **Breakfast Pizza** service, opening at 8:00 for dine-in and carry-out breakfast pizzas and specialty coffees. And finally, beginning Thursday June 18th, we will re-open our lunch service on Thursdays and Fridays from 11:00- 1:30. This time, our lunches will have a "half-pizza and half-salad" special for those of you who are looking for a lighter lunch option. We know the last time we offered lunches, we only offered our dinner menu, and that was quite a bit for a lot of us at lunch time.

We want to assure everyone that we are doing everything possible to keep our restaurant clean and sanitary. All of our employees are currently, and will continue to wear masks, and we'd like to **strongly encourage** all of you to do that as well until you are seated at your table. We definitely have the required 6' + distance between our tables so as to be able to safely remove your masks for dining and conversation. We will also completely sanitize each table and all of its

chairs after each use, and finally we **WILL** sanitize our menus between each use.

Even more than the pandemic, the road construction has really taken a bite out of our business, so we really want you know how much we value each and every one of you who have supported us through this really tough time. We plan to make it through, but your support is very much needed and again, very appreciated.

With the road construction in full-swing, the only way to get into Pyra now, is through the back door. Once inside, please wait by the host station, which we've relocated to our back hallway, and we'll seat you from there. If there is a wait for a table, we'll ask you for your phone number, and have you wait in your vehicle. We will call you when your table is ready.
