Old Business:

We discussed the lot sizes in our zoning ordinance. We would like to make some changes as far as the platted subdivisions as there have been a substantial number of people who have had to go to the Zoning Board of Appeals to try to build on their lot.

1. We would like to add to Section 10.04 A. LOT AREA see attached
B. LOT WIDTH see attached

This would apply to all uses and structures in the Rural Residential District

2. We would like to change Section 11:04 A. LOT AREA see attached
B. LOT WIDTH see attached

This would apply to all uses and structures in the Agricultural District

We are waiting on the Township Board for approval on this. We will also need a public hearing.

We went over the escrow and decommissioning for the Renewable Energy Ordinance.
