Approval of Minutes (December 9<sup>th</sup>, 2025) and zoning Administrator's report with a change of date from January 12<sup>th</sup>, 2026 to January 13, 2026 on Zoning Administrator report

Motion made by Kathy Loup

Seconded by Mark Chesebro

Motion passed unanimously

Public Comment: None

Old Business:

Lori Busha read through and explained her report that covered old business.

We discussed the fact that the Township Board held a public hearing for the Food Truck Ordinance but wants to make changes. Does there need to be another public hearing?

We discussed the FEMA Flood Map. This will come effective June 23, 2026. There are dates that need to be added to the plan. Lori Busha will have Egle look it over and also check with Mike from the City before sending it to the Township Board for approval. This will also need a public hearing. This all needs to happen before June 23, 2026

We also discussed as to whether the Township Board had decided what to do with the Simpkin property.
