

Measuring of both Snapper & Gummy for the SGGFC Snapper / Gummy Challenge 2023

Snapper and Gummy shark are to be measured using the **provided Brag mat only**, any fish measured using other devices/mats will be ineligible during this competition.

Snapper will be measured from the **TIP** of the nose (must be touching front edge of mat) to the **FORK** in the tail.

Gummy shark will be measured from the **TIP** of the nose (must be touching front edge of mat) to the **base of the tail**.

Provided below is an image as a demonstration of how to capture the photo for uploading to the Track My Fish App.

The Committee reserves the right to question or disqualify any fish (snapper or gummy) if the image is not clear or provided within the directions provided.

Please aim to take the clearest and best quality image possible, for uploading.

Tips: When using the App turn photo gallery on so that the photo also saves to your phone in case of phone service issues or no service in some fishing areas.
