Frequently Answered Questions (FAQ's)
How can I see if my fish score is submitted?
Click EVENT INFO > SCORECARD
The list of all the fish will show that you have logged. Under each log will show if the data & image has been
received. For example:
If it reads : **SUBMITTED, image received,** *the data has gone to TMF for scorechecking*
If it reads : **SUBMITTED, no image received**, *TMF doesn't have your fish image, head back to your log in RECORD CATCH.*
If it reads : **ACCEPTED, image received**, *TMF has scorechecked your fish.*
If it reads : **DISQUALIFIED** *: this submission hasn't met the rules of the event.*
If you don't see your fish in the scorecard, we don't have it, head back to your LOG in RECORD CATCH to see if it has been sent or not sent (you may need to contact TMF on this)
Where can I find my scorecard & scoreboard?
If you are wanting to check your tally of scores, INFORMATION tab on the main page and then you have the scorecard tabs to click
