

The intention of **OPULENT GOLDENDOODLES**, also known as Breeder, is to breed, raise, and sell healthy puppies with the best possible temperament and the potential for a long and happy life. Before going to their new home, each puppy will be examined by Breeder and receive the 1st set of puppy shots. Your puppy will be de-wormed on a regular schedule beginning at 2 weeks of age and at documented times. **PLEASE NOTE: IT IS VITALLY IMPORTANT THAT YOU DO NOT TAKE YOUR PUPPY TO ANY ANIMAL FREQUENTED LOCATION UNTIL AFTER THE FINAL BOOSTER SET OF VACCINATIONS AND RABIES HAS BEEN ADMINISTERED! WE HIGHLY RECOMMEND THAT YOU HOLD YOUR PUPPY WHILE AT THE VETERINARIAN OFFICE AND OTHER PUBLIC PLACES.** We do not guarantee your puppy will not be sick from contact with other dogs or locations outside our premises. Purchaser must have puppy examined by a vet of their choice within 72 business hours of the release date of \_\_\_\_\_, in order for this Health Guarantee to be in effect. **NO EXCEPTIONS WILL BE MADE.** During the initial exam by a licensed veterinarian of Purchaser's choice, if puppy is found to be in poor health or any physical health issue is detected that would require further veterinarian care other than required immunizations and/or treatment for any type of parasite or bacteria whether internal or external, you **MUST** contact us **IMMEDIATELY** and puppy **MUST** be returned to **OPULENT GOLDENDOODLES** within 24 hours. You must also bring a signed statement from the veterinarian showing the date of the exam (within 72 hours of release) on which veterinarian conducted the examination and the reason why the puppy is in poor health. This statement must include a description of the symptoms and probable diagnosis. Since it is your intention to return the puppy for a refund, your veterinarian should **NOT** provide any further immunizations or treatment for the puppy. **OPULENT GOLDENDOODLES** is not responsible for the veterinary bills associated with the initial visit. If you choose to keep the puppy, **OPULENT GOLDENDOODLES** is released from ALL liability and ALL medical bills, including the initial bill that results from the findings. No further health guarantee will be included for the puppy. A diagnosis of Coccidiosis, Giardia, parasites or any other bacterial infection, internal or external, does not render your puppy unhealthy. We recommend taking a fecal sample to your vet the first time you take the puppy for an exam. This guarantee does not cover these above-mentioned conditions. Breeder is not responsible for any injuries or health problems that are not genetic that may occur after puppy leaves **OPULENT GOLDENDOODLES** premises. All **OPULENT GOLDENDOODLES'** puppies are sold with a one year from puppy date of birth replacement guarantee that covers any life-threatening genetic disease that can be directly linked to the prenatal stage and would prevent the puppy from enjoying a long and healthy life. If the puppy dies within one year of its birthday as a direct result of an unknown (at the time of sale) congenital birth defect, said puppy will be replaced only if an appropriate autopsy is performed by a licensed veterinarian and

certificate with the proof of cause of death is provided. Trauma, abuse or neglect will void the warranty. If for any reason, the puppy is returned to the seller, BUYER agrees to pay all expenses, including shipping costs, mileage, and re- examination. All puppies are guaranteed to be free of genetic disease at the time of transfer to Purchaser.

**OPULENT GOLDENDOODLES** will NOT reimburse any vet expenses incurred.

Genetic hip dysplasia is guaranteed for 1 year from birth date of puppy. The guarantee is to return the dog at the expense of the Purchaser and replace the dog with a puppy from the next available litter. Please note that no health guarantee will accompany the replacement puppy. The disease must be confirmed to our veterinarian via an OFFA Prelim Certification. Upon our veterinarian's confirmation, we will honor the guarantee.

The cost of all veterinarian services and all shipping costs are Purchaser's responsibility. Our puppies are not sold on a "trial basis". If FOR ANY REASON DURING THE FIRST YEAR the puppy does not work out at your home, the Purchaser will return the puppy with registration papers, contract, health guarantee, and all other necessary documents. The Purchaser will receive **NOT RECEIVE A REFUND OF ANY AMOUNT, NO replacement puppy, and NO veterinarian bills will be reimbursed.**

The Purchaser will be responsible for all shipping costs associated with returning the puppy. NO replacement puppy will be given. Breeder will solely find a suitable home for the puppy.
